REDS CUT OFF TALKS; U.N. CRIES FRAME UP

British Try Again As Oil Talks Fold

Will Base Bid For New Meetings On Harriman Program

LONDON Aug 23 (AP)—A Foreign Office spokesman said today Great Britain has decided to give Iran another opportunity to reopen the critical discussions on the future of the billion-dollar Anglo-Iranian Oil Co

The British made clear they will stay put for the time being in Abadan center of the giant oil industry that produces around 500 000 barrels a dav—a vital source of western Europe s defense needs

The spokesman said the new bid to reopen the talks will be based on the previous recommendations drawn up bv W Averell Harriman the American trouble shooter in Iran These formed the basis for the talks just concluded

Harriman stayed on in Teheran after the talks came to a halt yesterdav

He appeared more optimistic than other officials saying that the discussions merely have been suspended and not broken off Iranian Premier Mohammed Mossadegh said, however, that it is finished

It is obvious that officials here are counting on Harriman to try once again to talk Iran into a more accommodating attitude toward the British

There were predictions here that if Harriman fails Prsident Truman mav intervene once more in the dispute

Richard Stokes head of the British negotiating team in Teheran, is expected here tomorrow morning He will give the British cabinet a firsthand account of the talks and try to reassess the chances of reopening them

But, said officials here the ball will be in Iran after today'

Informed sources stressed that there will be no 'dramatic' actions such as the landing of British military forces in Abadan unless circumstances demand it

The Anglo-Iranian Oil Co meanwhile, announced it has ordered about 300 of its British Indian and Pakistan employees to leave their posts in the oil fields and concentrate in Abadan

The breakdown after 19 days of talks between the British and Iranians came over management of dav-to-day operations at the Abadan refinery

Each side blamed the other for the collapse but Britain's Stokes was the one who made concessions during the talks

Prearranged Break Seen By Ridgway

General Feels Move Was Decided Before Charges Were Made

TOKYO Aug 23 (AP)—General Matthew B Ridgway said tonight that the Communists must have decided to break off Kaesong truce talks even before they charged an Allied plane bombed the truce city

In a statement issued at mid night (10 a m, East Liverpool time), the United Nations commander said the Red action breaking off the talks came so quickly after the alleged bombing that it must have been decided in advance

He said the decision could be made only bv a high level of the Red command It was delivered only a few hours after the asserted incident by a Red liaison officer

Ridgway's words follow

"As had been brought out before the decision to declare all meetings 'off from this time', which required a decision from a high-level command could not have been arrived at and transmitted to Colonel Chang Communist liaison officer, for delivery to the United Nations command liaison officers, in the interval from 2320 (11 20 p m) on Aug 22 to 0145 (1 45 a m) on 23 August"

It was apparent the U N commander meant that the decision to call off truce talks had been made some time before U N liaison officers were called out of their beds in the dead of night and brought to Kaesong to investigate the alleged bombing

An earlier announcement from Ridgway s office said investigation 'clearly suggests the whole incident is a frame-up, staged from first to last'

Ridgway s midnight statement actually disclosed nothing new about the so-called bombing incident It was mostly a repeat of what his liaison officers and others in the U N command had reported previously

He said investigations disclosed no planes 'under the Far East Air Forces control' were over Kaesong at the time the Reds say it was bombed

He also said investigation showed no U S Navy planes were over the area

Ridgway said a U N liaison team on the spot could discover but one individual who claimed to have been an eyewitness to the attack He stated that the airplane he saw had its headlights on throughout the attack, which is not the practice engaged in by any

Foe Charges Air Attack On Kaesong

Allies Deny Charge; Peiping Radio Hints Halt Only Temporary

MUNSAN Korea, Aug 23 (AP) — Communists abruptly broke off the Korean war cease-fire talks today—"from now on"

But Red China's official radio indicated the breakdown may be only temporary.

The excuse for the Red action was a reported air attack on Kaesong, site of armistice negotiations

The United Nations command called it "a frame-up staged from first to last".

Notification of the breakdown came from a lower-echelon Chinese liaison officer Three hours after the asserted bombing, he announced all meetings were off

But hours later Red China's Peiping radio reporting the action, made no mention of a permanent breakdown It said only that Thursday's meeting of a truce subcommittee was canceled

North Korea s Pyongyang radio said the Reds will consider that the Allies don t want to continue truce talks unless the U N command makes a "satisfactory and sincere reply" to Red charges on neutrality violations

High-ranking officers of the U N command headquarters in Tokyo said the break is "by no means permanent".

It was the fourth break in talks, the second by the Communists.

The Reds broke off the discussions shortly after midnight on the grounds a U N plane had bombed, fire-bombed and strafed Kaesong shortly before midnight.

Investigating American officers said the evidence was ridiculous".

The complaining Red colonel said he didn't know how many bombs were dropped. The Peiping radio said there were four.

The Red officer refused to continue the investigation into daylight He also refused to leave the evidence—a few pieces of metal, a patch of scorched earth and a small depression—undisturbed for examination in daylight.

He had summoned the American investigators at midnight for an immediate investigation. And he once pursued them a quarter of the way to Munsan to take them back to Kaesong to see more evidence in the blacked-out town

The Americans saw the 'evidence" only in the darkness and rain Communist newsmen were already on hand when they arrived

The abrupt Red announcement that talks were off brought varied reaction

New York dispatches reported United Nations officials were depressed but hopeful the talks will be resumed Secretary-General Trygve Lie was pictured as viewing the breakdown with 'gravest concern'.

Washington reported the feeling there is that the action possibly was dictated from Moscow

If full war is resumed, U N commanders have expressed confidence their forces can meet any Red onslaught "We'll slaughter them," field officers said

Big Hurricane Blows Self Out In Mountains

Tampico Takes Full Force Of Storm, With Destruction Heavy

TAMPICO Mexico Aug 23 (AP)—The killer hurricane that raged over tropical seas all week, taking more than 150 lives and causing millions of dollars in damage is blowing itself out today in the mountains of Mexico

The storm—described as the worst recorded in Mexico—spent its final fury over the oil port of Tampico yesterday At least one person was killed here and the damage was expected to run far above one billion dollars

Twenty seven persons officially were reported injured here Unverified reports however placed the casualties as high as 300

Twice the fierce winds hit Tampico with destructive blows—first when the hurricane s front roared over then when its back force followed up the mid-day calm of its central eye

Broken communications and the black out of a power shutoff prevented a check of all possible casualties and damage

There were unconfirmed reports of dead and injured at Soto La Marina 120 miles up the Gulf Coast

The hurricane which began its murderous rampage over Jamaica last week end killing some 150 persons there, hit Tampico full force Its velocity measured up to 160 miles an hour

High winds buffeted the flooded city all night as the storm trailed gales behind it

The Weather Bureau said the hurricane is blowing northwest into the mountains where it will break up

Probers Hear New Evidence Of Red Spying

Senators Promise To Shed More Light On Currie Mystery

BULLETIN

WASHINGTON, Aug. 23 (AP)—Louis Budenz testified today a 1942 Communist article, which he called the opening gun of an attack on State Department figures unfriendly to the Soviet Union, was prepared "through arrangement" with Lauchlin Currie, then a White House aid.

WASHINGTON, Aug 23 (AP) — The Senate internal security subcommittee promised to strip away today the mystery it has made of an episode involving Lauchlin Currie, a top White House adviser during World War Two

At the same time Major General Charles A Willoughby said he will give the House un-American activities committee evidence that Soviet spying and subversion in the Far East before the war was a dress rehearsal for Communist plotting that continues in the United States

Willoughby for 10 years General Douglas MacArthur s intelligence chief told a reporter in advance of today's session he would show that the activities of U S and foreign Communists in Shanghai amounted to a 'dry run' of the Red front tactics later employed in this country

The Communists" he said were in a position to go to their Russian masters and say Look how successful this has been in China Now we are ready to try it in the United States'

The Senate subcommittee announced vesterday it would explore the complicated episode' involving Currie in questioning Louis Budenz self-styled former Communist leader but withheld further information

Robert Morris lawver for the subcommittee even shut off attempts of Senator Ferguson (R) of Michigan to question Budenz about Currie until today

Elizabeth Bentley a confessed former member of a Communist spy ring testified before the group last week that her spy ring learned from Currie that the U S was about to solve the secret of Russia s code for transmitting official messages

Price Of Beef Due To Go Up Penny Or Two

Hamburger Ceiling Expected To Remain Same Under Order

WASHINGTON, Aug 23 (AP) — Beef price ceilings may go up a cent or two a pound on many cuts instead of being reduced a dime as the government had planned

Meat industry officials got word of the contemplated price boosts from aids of the price controls boss Michael V DiSalle and expected to get further details today at a meeting with DiSalle himself

Housewives probably will have to pay the penny or two extra a pound for beef round cuts But ceilings on hamburger are likely to remain unchanged and some few price cuts on loin and rib cuts are expected

But Office of Price Stabilization officials made it clear to industry leaders at a meeting yesterday that there will be a general boost in beef prices

They said the higher prices are required under the new Defense Production Act to compensate the industry for lagging cattle by-product yields

The new law under which mobilization officials have said living costs may go up 5 to 8 per cent requires ceilings to be fixed so that normal profit margins are preserved

Officials said prices for cattle hides now are about 25 per cent below ceilings and tallow prices about 33 per cent under ceilings so greater profits from beef are needed to preserve the industry s profit position

Tallow and hide ceilings are to be adjusted downward when the beef price boosts go into effect—probably in a month or two

Earlier this year DiSalle launched a beef price-cutting program, involving a series of rollbacks designed to lower beef prices by a dime-a-pound this Autumn

The meat industry argued that this program would discourage beef production and Congress barred further beef price cuts

President, Truman is getting ready to ask Congress to give him tighter control powers against inflation and to eliminate some of the features written into the new law only a few weeks ago

Elimination of the normal profit requirement and restoration of the now-banned livestock slaughter quotas probably will be asked

But congressional leaders have expressed doubt that the President can get anything more than the present law

'You Gotta Eat!' Men Say, Attack 'Meatless Week'

WOONSOCKET R I, Aug 23 (AP)—A housewives' 'Meatless Week" crusade was reported lagging today because of their husbands cry of 'You gotta eat!'"

Mrs George P Corey leader of the campaign, said the scheme was to force down high prices

But, she added sadly some of the women report their husbands threaten to get their meals at the nearest lunch counter unless meat returns to the table.

She said the major complaint by husbands is We re working hard and need meat"

Her own husband, however, agrees with her, she said, that meat is so high we can t even afford little luxuries like candy

Maybe if we all put on the pressure prices may drop" he added

Mrs Corey said she checked a number of markets the last two days and found few customers

She reported however there did not appear to be any change in prices since Saturday

She said 3 000 housewives in this city of 50 000 were behind her when the campaign started Monday.

Roks Achieve All Objectives In Hill Battle

Van Fleet Stresses Strategic Value If War Flares Anew

KOREA Aug 23 (AP)—A five-day battle for the hills' in east-central Korea has ended with South Korean troops in firm control of all their objectives the Eighth Army said today

General James A Van Fleet, Army commander, indicated the positions won will be strategically important if the latest breakdown of cease-fire talks means a resumption of full-scale war

Van Fleet told the victorious South Korean troops

"The vital commanding terrain which you have captured will deny the enemy observation of your positions and will in time afford you added security and observation of the enemy for a considerable distance to the north

Official estimates placed Red casualties at 9,019, including killed, wounded and captured South Korean casualties were reported comparatively light

The battle was the most severe action along the front since early June Opposing forces closed in bitter hand-to-hand fighting with bayonets and hand grenades

There was no report of any important ground action elsewhere

Although hampered by cloudy and rainy weather 50 Air Force fighters and light bombers strafed heavy Communist vehicular traffic on the western network of supply routes last night and early this morning

9 Feared Dead In Plane Crash

Transport Wrecks In Alaskan Flight

ANCHORAGE Alaska Aug 23 (AP)—A C-47 transport plane with nine persons aboard crashed last night at Summit, 152 miles north of here on the Alaska railroad

First reports indicated all were killed

The plane was en route to the Elelson air base near Fairbanks from the Elmendorf air base at Anchorage

A Civil Aeronautics Administration radio officer at Summit reported he had talked to the pilot of the plane shortly before the crash, but was not informed of any trouble

Contact was broken and the operator said he saw the plane diving into the runway of the Summit landing field

Bad weather kept search planes from Summit

The Alaska Railroad sent an ambulance car to the crash site with doctors and a rescue team

The Air Force withheld names of those aboard

The crash was the latest in a month-long series of major aerial mishaps which have claimed nearly four-score lives in the Pacific Northwest and Alaska.

Army Relieves Head Of Toledo Ordnance Depot

WASHINGTON Aug 23 (AP)—The Army has relieved the commanding officer of an ordnance depot at Toledo, O, where House investigators last week reported they had found evidence of 'highly irregular conduct"

It announced late yesterday that Colonel S W McIlwain has been relieved of command of the Rossford ordnance depot but gave no reasons

Chairman Hardy (D) of Virginia of a House expenditures subcommittee said last week the group had found evidence of 'improper dealings' with contract-holding firms by procurement officials he did not name

The Army also said that overseas orders of Brigadier General David J Crawford recently suspended as commanding officer of the Detroit automotive ordnance center, have been held up

Crawford had been assigned to go to Heidelberg Germany, early in September but the Army said he will remain on temporary duty in Detroit instead It said an investigation ordered recently by Secretary of the Army Pace is continuing

Pace ordered the inquiry after a congressional committee accused Crawford of accepting hotel hospitality from holders of government contracts and of using a government truck to move trees to his home in Maryland

New Cars Demolished In Wreck Of Transport

UNITY, Aug 23 (Special)—An auto transport truck driver was injured and his tractor-trailer outfit and cargo of four new Fords were demolished at 2 30 a m today in an accident on Route 14 a mile West of here

Clarence Malek 26 of Kirkland, O, is in Salem City Hospital with severe lacerations of the head, ear and both arms a puncture wound of the chest and multiple abrasions

He told the State Highway Patrol he was forced off the road on a curve by an approaching auto The truck smashed through a wall careened down an embankment and overturned

Malek was reported pinned in his wrecked cab for nearly an hour **before rescuers could free him.**

Players Look Serious

Casey And Yanks Arrive, But Leave Smiles Behind

CLEVELAND Aug 23 (AP)—Manager Casey Stengel brought his world champion Yankees into this town of late Summer pennant madness today for the most important three game series of the baseball

But the normally jovial Casey was in no mood to predict a series sweep over the Indians, his team s only chance to grag undisputed possession of first place

Just out of his berth on the train he brushed off that question put by a reporter and kept on walking

A photographer called Wave at the camera, Casey!" Casey grumbled back "I'm not waving at anybody

Then a baggageman called to Outfielder Gene Woodling 'Are you Yogi Berra?" Woodling said no, he was Woodling.

'Hey there s Joe DiMaggio!" shouted the baggageman 'Can I shake your hand Joe?'

Sure" said DiMaggio who was DiMaggio

What do you think of that" said the baggageman I shook hands with Joe DiMaggio I still think that other fellow is Yogi Berra

The Yankees generally looked pretty serious but they hadn t been up long

A reporter asked Red Patterson, the Yankees press agent 'Why are these people so unhappy?"

Patterson replied with another question Did you ever blow a four-run lead and lose the game in extra innings" (yesterday s loss to Detroit)' The reporter said he hadn t.

$500,000-A-Year Business

Hospital Waiting Room Used As Dope 'Sales Office'

NEW YORK, Aug 23 (AP) — An alleged dope peddler was accused today of using big Bellevue Hospital s main waiting room as a sales office to operate a $500 000-a year narcotics business

Police said, the peddler cached his drug stock in the hospital's under ground engine room and kept daily office hours' at the institution He was not employed there

Three narcotics squad detectives, two men and a woman, cracked the case last night with the arrest of 42 year old Mariano Rubino, a resident of Manhattan's lower East Side

The officers with the co-operation of hospital authorities worked three months in the sprawling hospital They posed as everything from doctors and nurses to attendants and porters.

Rubino was arrested on the city-operated hospital grounds as he allegedly passed a packet of heroin to a man identified as Arthur Ricardi 29 of Manhattan

For the last year, police said, Rubino operated in this manner

At about 10 30 every morning, accompanied by a black Spitz dog, he parked his big car near the hospital He remained at the institution until 7 p m each day.

He met his clients, who numbered seven to nine daily, in the main waiting room The drug customers, posing as patients or relative of patients, mingled with legitimate visitors

After contacting a client, Rubino went to the hospital's engine room, climbed a ladder to a wooden platform atop a generator and got the

Truce Talks Called Off By Communists

U.N. Cries Frame-up After Red Charges Of Plane Attack

(Continued from Page One)

Allied troops are dug in on the best positions they ever have held in Korea

They are in positions where the U N command wanted them to remain during a truce The Reds wanted them to retreat to below the 38th Parallel Armistice negotiations had been snagged on this point for a month A subcommittee was trying to solve it

First intimation of the new incident came in an urgent midnight telephone call from the Reds at Kaesong to the U S truce camp at Munsan

Two U N liaison officers immediately investigated Their findings Vice Admiral C Turner Joy reported, suggest

The whole incident is a frame-up staged from first to last

An information bulletin from General Matthew B Ridgway s headquarters in Tokyo called it an ill-produced and amateurishly-staged presentation

The statement said the incident was planned in advance as an excuse for breaking off truce talks because 'the Communists were losing out on their demands and were losing face in Asia

The same view is shared by American officials in Washington, dispatches indicated

The so-called bombing incident was the latest of a series of charges by the Reds that the Allies violated the Kaesong neutrality agreement

Joy rejected them all In a detailed reply delivered seven hours after the Reds broke off negotiations he said some were fabricated '

Artillery officers reported that no U N gun that could shoot into Kaesong had been fired during the night

The American liaison officers said they were shown two marble-sized bits of metal a rumpled piece of metal which might have been from a plane and a small depression in the earth

The area supposedly burned by napalm left only surface scorching 15 inches across An American napalm tank belches fire over 75 feet or more Joy reported

' There was no bomb crater near and no scorched earth but about 25 yards away there was a minor depression in the earth about 24 inches in diameter and perhaps six inches wide '

Covering the possibility an Allied artillery shell might have hit Kaesong Lieutenant General Frank Milburn, commander of the U S First Corps reported

' No First Corps artillery now in position is capable of firing into the city of Kaesong Those battalions which can deliver fire into the neutral zone have expended no ammunition in the last 36 hours '

Red China s Peiping radio was making the most of the Communist charges It called the asserted attack ' much more serious and savage" than the killing of the Chinese soldier in the neutrality zone

This soldier already has been elevated to the status of a Red martyr His death and funeral were the subject of many Peiping broadcasts all of which attacked American aggression

Peiping called the alleged bombing a deliberate attempt to sabotage the armistice talks on the part of the Americans

The Moscow press published no news today of a breakdown in Korean talks The papers carried stories of American planes bombing and strafing the neutral Kaesong area but made no comment

Rocket Plane Explodes

EDWARDS Calif Aug 23 (AP)—A Bell research rocket plane exploded and caught fire yesterday just as it was about to be released by a B 50 at 10 000 feet over the Edwards Air Force base There were no casualties

UNDER ROYAL EYES. King Paul and Queen Frederika (left, foreground) walk past maimed and sick pilgrims on the Greek island of Tenos during an annual holy day pilgrimage to view the island s sacred icon The sacred picture is paraded around the island and the afflicted prostrate themselves in its path in hopes of being cured miraculously

For Southeast Asia

Korean Dark Cloud Has Silver Lining

HONG KONG Aug 23 (AP)—A breakdown in Korean armistice talks is a dark cloud, but it has a silver lining for Southeast Asia from Formosa to the southern tip of Indo-China

If the Chinese Reds really mean to abandon truce efforts and go on with the war in Korea, other danger points would get a further respite from Chinese Red pressure

The Chinese can t be two places at the same time—at least not with the same power and ferocity

The Chinese Communists have built up strength in their southern provinces

They have completed a railroad to the border of Indo-China But they aren t apt to send troops into Indo-China where Moscow-trained Ho Chih Min is fighting the French, while they are mired in Korea

— —

THE CHINESE Reds have moved some troops toward the border of Burma where Chinese Nationalist General Li Mi is reported to have a large anti Communist base

If the Reds didn't have the best part of two field armies tied up in Korea they could speedily overwhelm Li And they might use um as an excuse for invading Burma too

As long as they are busy in Korea the Communists are not expected to try to make good on all their big propaganda talk about liberating Formosa from Generalissimo Chiang Kai shek

Red belligerency against Britain s crown colony of Hong Kong generally simmers down as Communist troubles in Korea boil up

While the Chinese are tied up in Korea there is little chance of aid from Peiping to the Hukbalahap rebels in the Philippines or terrorists in Malaya, or infiltrators in Indonesia

It s not so much that the Reds lack the manpower to help It s because the Korean war costs so much

This Summer the Communists raised untold millions in what they called voluntary subscriptions from the people They had to buy guns tanks and planes which Russia didn t give them

Regional famines were aggravated by food requirements in Korea China has been combed for doctors nurses mechanics and car drivers for all manner of people with special skills who always have been in short supply in China

— —

ALSO, THE Korean war has put Red soldiers against western firepower for the first time It has brought out some humiliating inadquacies in the army of which the nation had become too proud

Loss of prestige didn't help the national psychology. Casualties among the best troops were heavy. Most replacements were not up to standard

Some parts of the country were left in the hands of second-rate and politically undependable militiamen Some of these are showing signs of incipient revolt It hasn t reached the danger point but it may if the Reds continue shedding Communist blood in Korea

Some observers suggest the Korean war has demonstrated an unsuspected weakness in Red China—that the Communists embarked on this war too soon after coming to power and must either get out of it or get more help from Russia.

Ridgway

(Continued from Page One)

U N C (United Nations Command) aircraft during night operations ' Ridgway s statement continued

The alleged bombing incident revealed no damage to any building to personnel or to crops in the area

Colonel (Anthony J) Kinney an experienced a r officer, was certain that the hole 24 inches in diameter and 12 inches deep, pointed out to him by the Communists as a result of the attack could not have been a bomb crater

Colonel Kinney agreed with Colonel (James) Murray that the hole might have been the result of a hand grenade explosion present in the ground '

The U N commander said the on the spot investigation also failed to disclose any evidence of an actual bombing

Their investigations revealed ' his statement continued, no scorched area which normally results from napalm bomb detonation or any visible sign of a bomb crater which could have been caused by the alleged attack

The flush rivited piece of metal which was identified by the Communist liaison officer as part of a napalm bomb utilized in the attack is not of (the type of) construction used by the United Nations command as flush riveting is not employed in the manufacture of napalm tanks They are of rough construction, more economically produced, since they are used only once '

attack Aug 17 A heavy air strike had been planned for the day before to soften the Red positions Bad weather prevented this but the Republic of Korea troops attacked on schedule

They were supported by gunfire from the battleship New Jersey the cruiser Toledo and several destroyers along the east coast Continued air assaults and massed artillery pounded on the Reds

Van Fleet told the South Korean commander ' I wish to commend you and your magnificent troops for their determination skill and gallantry in taking all assigned objectives It is particularly gratifying to me that this operation has been essentially an attack by Republic of Korea army units "

Captured Communist equipment included 262 machine guns and automatic weapons 13 191 hand grenades and 567 rifles Captured or destroyed were 74 artillery pieces or mortars

In what was described as ' a local action , South Korean troops attacking north of the Hwachon Reservoir drove the Reds off one hill and forced them to withdraw four miles

Let's Wait For Ridgway

As in all things where the Communists are concerned, the alleged breaking off of the Kaesong peace talks is surrounded by a haze of fancy and fiction.

The U.N. command is waiting for things to settle down. That is the best course, too, for the American people. They are dealing with men who specialize in trickery. The wisest heads keep their shirts on in such situations, and await developments.

America's best insurance in this whole bit of pageantry is the presence in Tokyo of a stocky little man named Matthew B. Ridgway. He is a first-class soldier, an intelligent negotiator, and, above all, a real American. He reacts to Communist bluffs in the same manner as the average American reacts. He is tough when he needs to be tough, and is willing to keep trying when there seems to be some decent hope in negotiations.

Americans would be smart, in this case, to await General Ridgway's word on whether the meetings are on or off, and whether the fighting is to resume. When it comes from him, it will be straight.

Co-operation Licks Silicosis

No one can put down on paper the value of an accomplishment like the elimination of silicosis as a health hazard in the pottery industry.

Dr. Joseph T. Noe, director of the medical program in six local potteries, is authority for the statement that the hazard has been licked. He told the Rotary Club no new cases have developed here in the last five years, and he believes the day will come when the disease will be a thing of the past.

The program is one of the shining examples of co-operation between management and labor to overcome a common problem. It was launched in 1944, and has been improved steadily on the lessons of experience. Dr. Noe, himself, and the seven nurses who help administer the program are there because the need for such a staff became obvious in the development of the program.

The greatest strides, as Dr. Noe pointed out, have been in prevention, rather than treatment. Dust traps have been established all along the line in the pottery-making process to remove the original cause of the disease. Here is where management and labor pooled their efforts, at the danger points. Engineering did the rest.

District potteries are now so well insulated against dust that one of them—the Hall China Co.—recently was held up by the Industrial Commission of Ohio as a model plant in dust control.

The U.S.P.A. and N.B.O.P. still have their points of difference. But the health program isn't one of them. They've pitched in together to lick it.

An All-Weather Dollar

Earnings, taxes, gross income, sales, salaries, wages—everything measured in dollars is at an all-time high in the United States.

They way the dollar totals for these times are thrown around, you would think they meant something. Union leaders point to record earnings as proof that wages should be notched up a little higher. Management points to all-time highs in wage levels as proof that prices should be boosted again. Politicians look at sales totals and salaries to confirm their conviction that corporations and individuals are not sweating out enough tax money. And to be fair about it, tax resisters look at tax totals as evidence that spending is going to ruin the country.

The United States needs an all-weather dollar so it will know what the other fellow is talking about. Every dollar total should be expressed two ways: (a) in current dollars, and (b) in all-weather dollars. Thus, a citizen making $5,000 a year—an all-time high—would be making only $2,500 in all-weather dollars, which is what he was making in 1938, meaning he has made no progress in the last 13 years.

The New Community

Slowly but surely, the authority of Washington is being used to break up further urban growth. One of the most significant moves ever made in this direction is the decision of give special inducements to industries which locate new plants outside congested areas.

This policy, prompted by fear of possible bombing attacks, will have tremendous financial and social effects. Over a period of years, it will create dozens of new suburban communities on the outskirts of established cities, already bemoaning the loss of taxpayers to taxing districts lying outside the city limits.

An industrial dispersal policy will speed up something already in motion. And when that happens, it must become plain to all that development of some system to obtain revenue for this new kind of community is imperative. Otherwise, both the community and its taxpayers will suffer—the community from income starvation, its taxpayers from multiple levies whose proceeds are frittered away by overlapping spending agencies.

Behind The News

By George Sokolsky

The Grouping Of Nations In The Pacific

The theory of the United Nations, as of the League of Nations, is that nations can, and should, in one manner or another, develop a parliament of man, where decisions could be reached by consent.

The League of Nations failed because it was a chamber for negotiation rather than a parliament, a place for an exchange of ideas, purposes and plans, but it could not enforce a decision.

Its failure was not due to the absence of the United States from the league, because, while not a member, the United States participated in many and supported most of the more important activities of the league.

— —

THE FAILURE was due to a lack of the power to enforce a decision. Meanwhile, nations had to continue to do business and organized regional alliances, inside and outside the league.

The French, for instance, strongly supported such groupings of nations as surrounded Russia—Poland, Romania, Czechoslovakia. The German-Italian Axis is perhaps more familiar. The Hitler-Stalin alliance, which destroyed the league and brought on World War Two, was kept secret.

The United Nations is a stronger body than the league ever was. It has been able to enforce decisions of great importance.

Nevertheless, regional agreements outside the United Nations are inevitable in view of the sharp and deep cleavage between Soviet powers and anti-Soviet powers.

The principal regional agreement is the Cominform, which is, of itself, a union of nations encompassing, as of this moment, 800 million human beings and extending from the Elbe to the Pacific in both Europe and Asia.

This huge land mass is bound together not only by an ideological, propaganda and military apparatus of unification, but also by a series of secret agreements, economic agreements and defensive and offensive alliances, about which some details are known but not too much.

The North Atlantic alliance is the western reply to the Cominform.

This consists of the United States, Canada, Great Britain, the countries of western Europe. It eventually will have to include Spain, Turkey and Greece to be truly effective.

Another regional grouping is the Arab League, a union of Moslem countries which could develop into an enormous power.

It never quite has measured up to its own expectations. The weakness of the Arab League arises first from its failure to free itself from adventurist individuals and second from the conflict among the Arabs arising from the ambitions of the Hashimites on the one hand and Egypt on the other.

Also, a Middle Eastern group of nations must include Israel, Pakistan, at present the most significant of Moslem countries, may be the crucial factor in the Moslem world.

Now a new grouping of nations is being developed in the Pacific. The Pacific union has been essential since Soviet Russia marched into China and has been advocated by General Douglas MacArthur, Chiang Kai-shek and President Quirino of the Philippines. In the past, it has been opposed by the State Department.

:—

IT IS NOW becoming a fact in the tripartite security treaty among the United States, Australia and New Zealand.

To it is being added the Philippines. It is to be hoped that Japan, Formosa and Indonesia will be included, as well as such other countries as Malaya, Burma, Siam (Thailand) and French Indo-China. It will take time to round out this group.

The second article of the draft of this treaty makes of this an offensive-defensive alliance. It reads:

"In order more effectively to achieve the objective of this treaty, the parties separately and jointly by means of continuous and effective self-help and mutual aid will maintain and develop their individual and collective capacity to resist armed attack."

After Article 2, the treaty provides for the implementation of joint defense.

The charter of the United Nations is protected in the first article, but that in no manner lessens the force of the purpose, which is to arrest the movement of Russia in Asia.

Under the proposed treaty, the Pacific Union goes into effect as soon as any country in the group is attacked by anybody.

The State Department policy of beginning with Australia and New Zealand and then adding countries to that nucleus is sound because other Pacific nations have problems and associations which involve special consideration.

By the tripartite method, it was possible to start with a clearcut document. The Philippines is already in an alliance with the United States and Formosa is dependent on this country.

Therefore, this union already includes five nations and can be expanded from this starting point.

Inside On Labor

By Victor Riesel

Once, in the days before the mobs had eminent public relations counselors and their lawyers were "mouthpieces" instead of prominent civil libertarians, word flashed through the New York garment "market" that a certain union chief was to be shot down the next morning as he stepped into the entrance of a building housing a gang-operated hat plant.

The labor leader sent word that he was going in the next morning—bullets or no bullets. Came the dawn—literally—and the goons, lurking in surrounding doorways with rods and even one Tommy gun in hand, suddenly decided to fold their overcoats over their weapons and silently steal away.

—:—

FOR THERE at the building entrance, where X was to mark the spot, was a crowd of 400 elderly men and women. Unarmed. Just gentle cutters, designers, blockers, trimmers—massed and defying the executioners.

Among them also were some employers of near-by legitimate shops. No one was hurt. These people were aroused. They had been pushed too much. The mobs couldn't mow down 400 people, even though the police were "busy" elsewhere.

Today, in at least one industry, the same thing ishappening—not as dramatically, not as openly, not so Ghandi-like, but with the same determination to buck the mobs if the local police and the U. S. Senate won't.

At least the labor in the liquor industry, and the big companies which employ them, are not going to be pushed around.

They've waited for the Senate crime probers to do something—or at least arouse the local enforcement agencies in a score of cities. But apparently old committees that soldier on the job fade away.

So the leaders of the 1,500,000 A.F.L. and C.I.O. workers in the industry, and the biggest liquor companies, now have their own investigating committee, the National ating Committee of the brewery brewery industry, and they've met right in the heart of the mobs' territory—Chicago—to plan counteraction.

They've been faced with a revival of bootlegging—and more. The old mobs, finding gambling shut off, unions closed to them and treasury men, even at this very minute, seeking out ganster dollars in legitimate businesses, have taken up their old trade.

So much so that in the last year, these $1-a-gallon whiskymakers have been running some 50,000 stills across country. So vast an illegal industry have the mobs revived that the treasury men were able to seize 19,644 stills in 1950, compared with 22,000 stills smashed each year by the federals in prohibition days.

And most of these are run by big city mobs. Reports from investigators to the recent Chicago meeting of the joint labor-management beverage industry committee (led by Joe Brady of the C.I.O. brewery workers), disclosed a weird arrogance which more bluntly than any other phenomenon reveals the ineffectiveness of the Senate crime probe.

Big city moonshiners are so brazen, it was reported, that one of them actually located his still next to a legal liquor plant, so the fumes of his mash blended with the odors from the legitimate business and could not be detected by the famous alconolic tax unit (treasury) agents.

— —

ANOTHER moonshine group actually had buyers making the rounds offering to pay 10 cents a piece for legal, but empty, whisky bottles. The point was to refill these in violation of Federal and state laws.

Since this moonshining threatens millions of dollars in investments, thousands of jobs and federal income through tax loss on the illegal stuff, the A.F.L. Barrel Workers, Glass Bottle Blowers, Glass Workers, Hotel, Restaurant and Bartenders Union, the International Association of Machinists (one of the nation's cleanest and most crusading of unions, which has people in some of the biggest liquor distilleries) and the C.I.O. Brewers have called upon the industry to fight the mobs with a specific plan of action.

First, they've developed real teamwork with the treasury agents and state enforcement people in spotting and seizing the mobs' stills. They'll attempt to get out amongst the public, first through television shows, then through a full-length Hollywood film.

They'll then produce a documentary film on moonshining and the work of the treasury men to be shown in union halls, schools, churches and civic clubs so that the myth of the glamour of the mobs will be blasted instead of enhanced as recent anti-crime propaganda appears to have done.

But most important of all—the committee will use its unions and their 1,500,000 members to distribute literature, exert political pressure on police departments, spot mob activities and prove that labor and management can work together against the goons, even if the U. S. Senate won't!

Another Dope Addict?

The Pork Barrel's Still With Us

By Raymond Moley

Back in the dear, dead days of fantastic illusions around 1920, Congress thought it had destroyed the pork barrel by passing a law establishing a presidential budget.

Those were the days when America thought that it had ended wars and made Europe safe for democracy, that the demon rum was exercised by constitutional amendment, that a normal life would come with Harding, that the armament race would end with a conference and that Mellon had established economy in government.

Those were the days when a little French dance named Coue was selling books and lectures to us about how all we had to do to get better was to think we were. Those were days when politicians like Hugo Black sought fame and high office by buying nightshirts and Harry Truman was planning a career in private business.

—:—

DR. PAUL DOUGLAS and this writer were young college teachers, who, in our respective institutions of high ideals and some illusions, were teaching young people—at least I was—about the destruction of the pork barrel. As is so often the case with academic people, we overlooked the personal element.

An economy-minded president armed with a budget can hold a greedy Congress at bay, but unless the president is strong and frugal, Congress will have its expensive way.

John Nance Garner once told me out of the vast wisdom he had gained in 30 years on the Hill: "We can have a non-political president, but never a non-political Congress."

Dr. Douglas, now senator from Illinois, clearly recognizes that the pork barrel is still with us. It is now a hogshead, as compared with the keg of McKinley's day.

It is bursting with appropriations for every ditch that carries water in the rainy season and for every river that occasionally gets out of bounds.

Unless something is done, this thing will swamp our economy and overwhelm every taxpayer.

I for one believe that such a catastrophe can be avoided only by the election of a strong and frugal president, Democrat or Republican, who can think of the total national welfare instead of the sum of all the little welfares.

Lest this be interpreted as a plea for the Republican party, let it be said that the two most valiant champions of economy in the present Senate are Democrats—Senator Harry Byrd, as always, and Senator Paul Douglas since he has been an articulate member.

The approaches of the two senators differ. Byrd periodically presents an amended and abbreviated list of appropriations covering the whole field of government. Douglas introduces lists of amendments to appropriations as they come to the floor.

Both of these advocates of economy are curtly permitted to present their pleas. Then they are snapped at by both sides, Republican and Democrat alike, and they are then overwhelmed by votes for more spending.

—:—

LAST WEEK, Senator McKellar brought in a bill including many appropriations for rivers and harbors in which his committee had restored about 100 million dollars which had been denied by the more conservative House.

The McKellar plea was mainly that, since we are spending money for such purposes in Burma and other remote places under the E.C.A., American communities should not be denied.

Douglas proposed a series of cuts amounting to 50 million dollars. Thereupon, a number of senators, mostly Republican, screamed loudly for their states and communities. The Douglas effort was unavailing, just as other similar efforts of his have failed in the past.

His efforts stand out, however, in a Congress that seems to be indifferent to a flood that certainly will come if all these measures are passed as they have been in this session of Congress. That is the flood of inflation.

Idol Worship

By Truman Twill

The boys and girls brought to East Berlin for the 1951 youth festival staged by the Communists have been sent back home. The marching, singing, pageantry and propagandizing are over for another year.

Until this sort of thing is understood, people who despise the idea of politicians playing god are going to be fighting it with one hand tied behind their backs. They must get at the root of the problem.

Why are the politicians able to play god in the first place?

It has been pointed out by Columnist Dorothy Thompson, among others, that the success of Hitler and Stalin in these times is traceable to empty-souled youths who can be sold Nazism and Stalinism as a kind of secular religion—a substitute for the real thing.

That explains the pageantry, the conclaves, the solemn music, the massed flags and so on.

The unscrupulous psychologists who help to keep the dictators in power know what is likely to appeal to the young—and to the old who never grew up.

These psychologists have advised their masters to permit anything, except the shadow of a doubt. "Catch 'em young and keep 'em dumb"—that's the formula.

The only thing to fear is competition, whether it be in the form of a real religion or in the form of some other politician playing god, like Tito. If Tito had tried that stunt inside Russia, he would have been shot in the back of the head years ago. The only reason he stays alive is because he is well guarded.

The only way that Americans have thought of so far to stop the spread of this horrible "worship" of human beings is to talk about democracy, freedom and weapons—the very things calculated to make the manworshipping fanatics get more fanatical.

Democracy, whatever else it is, certainly is not a substitute for religious faith—even for idol worship. On the contrary, democracy must be mixed with skepticism to make it work at all.

These empty-souled youths chanting at the feet of their political gods stand in desperate need of something to worship. That would not be any one church, in their case, because the one-church setup has helped to make the one-party setup what it is today in Europe.

But it would be honest faith—honest in the sense of being unselfish, which is more than the politicians ever can say about any of their cynical performances.

Instead of trying to buy off converts to state worship with tubs of money, on the assumption that everything is for sale, Americans might give thought sometime to sending out a few missionaries into the dark places of the world; i. e., all the places where politicians have learned how to get themselves worshipped in the absence of anyone worth worshipping.

A giant meteorite is believed to have struck northern Canada between 3,000 and 15,000 years ago, the National Geographic Society reports. It produced Chubb Crater, a huge earth scar closely resembling craters on the moon.

Once Over

By H. I. Phillips

It's All Done By Mirrors

Is a yachting cap the proper wear for a crime probe witness this season? What yacht flags are used to spell out Do Not Disturb and does a much-wanted witness pass to port or starboard in eluding a U.S. Senate subpena? Must Uncle Sam give the right of way to an alleged racketeer if arriving at the yacht club Saturday night dance by power dinghy? These are all plausible questions raised by events in the fadeout of the Senate crime committee's war on the underworld these final August days. Fancy the picture, mates! A badly-needed witness out on a yacht and a Senate committee seemingly in a canoe strumming "Where Is My Wandering Boy Tonight?" on a ukelele (with all radio broadcasting barred)!

• • •

With Rudolph Halley out of the cast and Estes Kefauver playing a secondary role occasionally the Senate crime committee probe into hoodlum operations fades out in a manner to depress the public and cheer the mobsters. At no time since the public was jolted into a realization of gangster operations by the dramatic exposures over video last March has the Senate quiz seemed more than a wrist motion. Its hearings ended on two dismal notes, a polite kowtowing to lawyers protesting not only video but radio and a complete inability to interrupt a Summer yachting trip.

—:—

FAREWELL, CRIME COMMITTEE! With the Congress reluctantly granting you only a Summer extension—when the public was in swimming and so many witnesses yachting—what should have been one of the most powerful shows in history rings down the curtain Sept. 1. Its Summer run was strictly straw-hat-circuit stuff, lacking wallop, color and fire. Halley went into politics. Kefauver took to authorship and lecture routines and the Summer stage director Senator O'Conor, was so polite and considerate he seemed to be producing an old George Cohan song-and-dance number for sensitive witnesses and their ever-loving attorneys.

• • •

As the score stands at the moment, the mobsters of America are no worse than in a photo finish with the forces of law and order and are all set to romp to the front. The claim that the job of running the mobs off the lot can be left to cities and states is strictly "for the birds". The hoodlums want no better break.

—:—

ONE OF THE crime committee members himself declares the surface has barely been scratched and that "the largest crime syndicates remain free from prosecution". He and Chairman O'Conor express hope that the Senate interstate and foreign commerce committee take over and press the anti-crime war. (Wanna bet?)

It was a great fight while it lasted. But a government which appropriates billions for almost anything couldn't see fit to appropriate the chicken feed needed to keep the Senate crime committee going hell for leather in an effective rat chase.

• • •

And incidentially, bub, whatever became of the committee's recommendations for badly-needed legislation in the war on dope rings, smugglers, mobsters, desperadoes and their allies who make a mockery of civic decency, debase the kids of America and cost all citizens dearly in the struggle for existence? Yoo hoo, bar associations! Have you lifted a finger to curb the racket by which some lawyers act as partners of top mobsters, help draw up their plans, act as constant consultants and spring to their aid in every instance? Huh?

From The Review Files

THIRTY-FIVE YEARS AGO—The East Liverpool Spring Water Co. increased the price of water, if delivered in bottles, to 5 cents a gallon and, if delivered from tank, to 4 cents a gallon.

Constable Eckelberry, Justice Dan Sheckler and three special deputies swooped down on a midnight poker game near the Homer Laughlin pottery in Newell and arrested seven men charged with gambling. A score of others escaped in the darkness.

Operators of the Diamond Theater in East Liverpool took a lease on the Academy Theater in Wellsville and announced plans for remodeling the playhouse to show movies.

TWENTY YEARS AGO—Rev. Oliver Atkinson of East Liverpool was re-elected presiding elder of the Rochester District at the annual meeting of the Pittsburgh Free Methodist Conference at Mt. Washington Church in Pittsburgh.

East End residents sent a letter to J. B. Hannahs, Pennsylvania Railroad Co. freight agent, protesting excessive whistling of locomotives passing through that section of the city.

The Board of Education announced 30 high school students living in the Glenmoor district would be transported to school in school busses because of the suspension of service by the Y. & O. Railroad.

—:—

TEN YEARS AGO—Lois Appleby, Susan Hunton, Jean Eason, Lenore Adams, Paul Fisher, Paul Lorah and Wilford Padgett were members of a class which completed a senior life-saving course conducted by the Red Cross at the Mary Patterson Memorial.

Members of the National Brotherhood of Operative Potters prepared to ballot on a proposed 10 per cent wage increase for President James M. Duffy.

Secretary Paul L. Courtney of the Chamber of Commerce scheduled a conference with Cleveland manufacturers in an effort to obtain subcontracts for East Liverpool firms on national defense orders.

Three-Power Talks Planned On Key Issues

Acheson Will Meet With British, French Ministers Sept. 10

WASHINGTON Aug 23 (AP)—Secretary of State Dean Acheson is making tentative plans to meet here with the British and French foreign ministers Sept 10 to review German problems and other key cold war issues

Acheson has suggested it was learned today that the American British and French high commissioners in Western Germany also join the three power talks

Informed officials said the secretary will discuss problems ranging through Europe the Middle East and Far East during a three-to-four-day conference with British Foreign Minister Herbert Morrison and French Foreign Minister Robert Schuman

All three plan to fly back here Sept 9 for their talks after attending the Japanese peace conference at San Francisco

In addition to meeting with Morrison and Schuman jointly Acheson plans separate conversations with the French and British foreign policy chiefs to discuss specific problems they have in conjunction with the U S

Officials said the number one item on the agenda probably will be a three power agreement on Western Germany s manpower contribution to the proposed Atlantic pact army led by General Dwight D Eisenhower

The U S and Britain are reported ready to back the idea of full German divisions to be integrated in this army as demanded by the West German government

France is reported reluctant to accept this and is clinging to the idea of German combat brigades of 5 000 to 7 000 men with strict safeguards against a revival of the German general staff

Acheson is hoping to get a common stand agreed upon in time to report to the 12 Atlantic pact foreign ministers who are to meet in Ottawa Sept 15 to discuss Western Germany s role in European defense among other things

A firm agenda has not yet been agreed upon for the three power talks But informed diplomats said that during their tour of the world the foreign ministers would likely deal with these other problems

1 —Plans for giving the Western German government more freedom in political and foreign policy matters

2 —The Iranian oil crisis

3 —Egypt s demand that Britain evacuate its troops from the Suez Canal area and Allied policy toward the continuing Arab-Israeli differences

4 —Italy s demand for American British-French support in revising the military restriction clauses in the Italian peace treaty

5 —France s reported need for further military aid to French and Indo-Chinese forces battling the Communists in Indo-China and plans for economic aid to southeast Asian nations threatened by communism

They undoubtedly will discuss latest developments in Korea.

Wrong Drug Deaths Held 'Honest Mistake'

PIERRE S D Aug 23 (AP)— It appears like an honest mistake and it doesn t look right now if any action will be taken

This was the statement of States Attorney Martin Weeks Jr after conferring yesterday with Attorney General Ralph A Dunham about the deaths of two persons Aug 15

They died after injection of the wrong drug during an experiment with sedatives at the University of South Dakota

Weeks pointed out that an inquest is in recess pending results of an analysis of body tissues of the two victims—Mrs Ardis Pearson and Jack Clifford

"But right now we have no facts showing any intent to kill and no intent due to any reckless activity which would give rise to criminal action," Weeks reported

Russians Aim New Warning At Tito Regime

Can't Continue Long From Voroshilov Echoes Molotov

MOSCOW, Aug. 23 (AP)—Marshal Klementi Y. Voroshilov, a Soviet deputy premier and a member of the politburo, renewed Soviet predictions today that the regime of Yugoslavia's Marshal Tito "cannot long continue".

His words, spoken in Bucharest at the seventh anniversary celebration of Romania's liberation from the Nazis, echoed those of Deputy Premier Vyacheslav M. Molotov at a similar celebration in Warsaw just a month ago.

Voroshilov's remarks were published in all Moscow newspapers this morning.

"The peoples of Yugoslavia," said the marshal, "will find the way and means for liquidating Tito's Fascist regime—the way and means of liberating their long-suffering nation."

Molotov said the Tito regime "holds itself in power by bloody terror and Fascist methods of ruling", and added that "the peoples of Yugoslavia will find a way to freedom and liquidation of the Titoist Fascist regime".

Voroshilov repeated Molotov's charge that Tito (an independent Communist who once held high favor in the Kremlin) has betrayed socialism and gone over completely to the capitalists.

He told the Romanians the state of affairs among their western neighbors, the Yugoslavs, is "pitiful".

Voroshilov also referred to the West, and particularly the United States, as having a "beastly" ideology based on "bourgeois, aggressive imperialism and nationalism".

Group To Woo Youths Away From Red Ties

ITHACA, N. Y., Aug. 23 (AP)—The non-Communist World Assembly of Youth will go into Africa and Southeast Asia to set up educational programs designed to win young people away from the influence of Moscow.

An experimental center for mass education is planned to reduce illiteracy in Africa. A leadership training institute will be established in Southeast Asia.

Sites for the projects will be chosen after consultation with youth groups and governments in the two areas.

The executive committee of the assembly announced the two-point program yesterday. It carries out plans drafted by the governing council, which ended a six-day meeting Tuesday.

Tennis Star Robbed Of $20,000 In Jewels

NEW YORK, Aug. 23 (AP)—Tennis star Margaret Osborne Du Pont was robbed of $20,595 worth of jewels in her hotel suite, police reported last night.

Mrs. Du Pont, the wife of William Du Pont, socialite and racing stable owner of Wilmington, Del., said the gems were stolen between 2 a. m. and 10 a. m. yesterday.

Mrs. Du Pont said she wore the jewelry Tuesday night and, upon returning to the Fifth Ave. Hotel, placed it on a dressing table in her bedroom.

For Labor Day Event

Derby Queen Crowned

Ready to rule over Wellsville's annual coaster derby on Labor Day is Rosalie Fusco, 13, shown here being crowned by Jack Glover as her attendants, Joan Deeley (left), and Leonard Hephner (right) look on.

The president of the Coaster Derby Association placed the crown on the daughter of Mr. and Mrs. Joseph Fusco of 17th St. at the benefit carnival given Wednesday night to raise funds for the soap box race to be held on 15th St. Sept. 3.

Miss Fusco and Regis Smith, 12, who won the king's crown, will head a brief parade with the Wellsville High School Band preceding the races. The trials will be held at 3 and the races at 4 p. m.

The winners were selected for the best sale of tickets to the carnival, which produced about $38 to pay for the prizes for the racers.

A bicycle will be first prize, but the committee hasn't decided on the second and third awards.

The sponsors will meet Sunday to begin taking entries for the event.

2 Drivers Forfeit In Chester Violations

Two out-of-town motorists forfeited bonds Wednesday night when they failed to appear before Mayor DeMar Miller of Chester in traffic violations.

Bertram H. Spoerke of Cleveland forfeited $14 posted on a speeding charge after he was cited Saturday on Carolina Ave.

Arthur R. Champagne of Alpena, Mich., forfeited $9 put up for crashing the signal at Carolina Ave. and First St. Sunday.

Both were cited by Patrolman Harold Davis.

New Trial Due For Remington

U.S. May Demand Review Of Reversal

NEW YORK, Aug. 23 (AP)—A new trial was ordered yesterday for William W. Remington, former government economist convicted of perjury in denying he ever was a member of the Communist party.

The United States Circuit Court of Appeals reversed his conviction in a unanimous decision that held the trial court erred in its charge to the jury.

The higher court upheld a defense contention that the trial court's definition of membership in the Communist party was "too vague and indefinite".

William C. Chanler, defense counsel, said Remington told him "I am very pleased with the result". Chanler said he reached Remington at Whitingham, Vt., where he is staying in a friend's cabin with his mother and his two children.

United States Attorney Irving H. Saypol, who prosecuted Remington, said the reversal is being studied and a decision will be made quickly whether to seek a review by the United States Supreme Court.

"Remington certainly will be retried," Saypol said.

A jury deliberated only four hours and 25 minutes before it returned its verdict of guilty last Feb. 7.

Federal Judge Gregory F. Noonan imposed the maximum sentence of five years in prison and a $2,000 fine. Remington, 33, a Dartmouth College honor graduate, has been free on $7,000 bail pending action on his appeal.

ADMIRAL BURKE
Heading back to States

Burke To Leave Truce Team For Washington Post

WASHINGTON, Aug. 23 (AP)—Rear Admiral Arleigh Burke, a member of the Kaesong truce negotiating team, is returning to Washington for duty in the office of the chief of naval operations.

The Navy, announcing yesterday that Burke is being relieved of his present sea duty, gave no reason for the transfer.

However, Navy spokesmen attached no undue significance to the shift. They pointed out that Burke has served almost one year in the Far East and that many flag officers have been rotated to shore duty in shorter periods.

Burke became deputy chief of staff to Admiral C. Turner Joy, Far Eastern naval commander, last September. He assumed command of Cruiser Division Five in May.

There are two vacancies at Navy headquarters which an officer of Burke's rank and experience might fill.

They are director of logistics and plans under the deputy chief of naval operations of logistics and assistant director of the office of naval intelligence.

Burke figured as a witness in the famous controversy between the Air Force and the Navy two years ago which led to the removal of Admiral Louis Denfeld as chief of naval operations.

Salesman Gets Himself Into A Lot Of Trouble

CHICAGO (U.P.)—It was almost a case of the irresistible force meeting the immovable object.

David A. Grimes was determined to sell Walter H. Debolt a cemetery lot. Debolt was determined not to buy.

When Grimes showed up at his front door, Debolt slammed it in his face.

Grimes rang again.

"I want you to know I am not in the habit of having people slam doors in my face," he said.

Debolt was sorry and said so. This time he closed the door gently.

Again the bell rang. This time, according to Debolt, Grimes shoved his foot across the threshold. Debolt stamped on it.

Grimes yelped, then said: "At least, you might give a guy a drink of water."

Debolt obligingly got a glassful. Grimes drank half of it, paused, and said, "Say, I don't think I like you."

At that point, Debolt said, the salesman poured the rest of the water over his head.

That was when they really got down to pushing each other around.

Police broke up the squabble and Debolt went back into his house and Grimes went back to selling his cemetery lots—but not to Debolt.

Aerial Bombs To Signal Start Of Rocco Day Fete

A blast of aerial bombs Saturday afternoon about 4 will signal the start of the annual St. Rocco Day celebration Saturday and Sunday in Wellsville.

The celebration honoring the patron saint will start Saturday afternoon with a parade led by the Mt. Carmel Band of Lowellville, which will present a concert at 8:15 p. m. at Central Park.

A large fireworks display will follow at 10:30.

Solemn High Mass will be conducted Sunday morning at 11 by Rev. James Hennessy of the Immaculate Conception Catholic Church.

Games, contests and a ball game comprise Sunday afternoon's events at Central Park. The Mt. Carmel Band will present another concert at 8:15.

The annual event is considered a homecoming for many Italian families in the tri-state area.

Police Will Baby Sit While Parents Guzzle

KENDALLVILLE, Ind. (UP)—Because parents have been found in taverns at late hours, the police force has been instructed to act as baby-sitters.

Mayor Robert Moses ordered the force to open a nursery for children found roaming the streets "while their parents sit around taverns and drink".

There's a hitch to it. Moses said the parents either will be severely reprimanded or charged with neglect.

drugs—concealed in a ceiling crevice.

The detectives said they found an ounce of uncut heroin in the ceiling cache, having a retail value of about $5,000.

The exchange of drug packets was made on the hospital grounds outside the waiting room, where the client always minded Rubino's dog while he made the trip to the engine room.

Police said Rubino was arrested after carrying out this routine and in the act of turning over a package of heroin to Ricardi.

Both men were booked on charges of illegal possession and sale of narcotics. Detectives said small quantities of heroin were found in the apartments of both men.

In Hurry To Get In

MARIETTA, O. (UP)—When a 17-year-old youth received word that he had been accepted by the Army, he sped so fast to report for induction that his auto knocked down four rural mail boxes and a road sign on the way.

Bath (1705) was the first incorporated town in North Carolina.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

SCUFF RESISTANT UPHOLSTERY
The long lasting beauty of the Vinyl plastic upholstery by DuPont resists scuffing, scratches, dents, cracking, fading and staining. It is softly resilient and feels like the quality it represents. Comfortable and easy cleaning.

PLASTEX® TABLE TOP RESISTS
Boiling water, fruit juice, vinegar, grease, alcohol, etc., without staining. All the rich duo-tone colors of this new deluxe Seashell Plastex top are fade-resistant. Being a non-porous surface top is sanitary and will not pick up and hold food or cooking odors. Top withstands heat up to 275°F.

EASY TO CLEAN
To clean the Plastex table top and the chair seats and backs—simply wipe with damp soapy cloth. No need to scour with abrasive cleaners or steel wool which are abusive and can damage luster of any plastic material.

Here's a wonderful buy—from Howell, America's famous maker of fine chrome-steel furniture. You'll like the very affordable low price—it's the lowest ever for all the many quality features found in these sets. Tables are of sturdy steel construction and the form fitting chairs are equally serviceable. See these beautiful new Howell sets now.

Nelson's Bail Cut To $20,000

PHILADELPHIA, Aug. 23 (AP)—Bail for Steve Nelson, western Pennsylvania Communist leader arrested last week on charges of conspiracy to overthrow the government, was reduced yesterday to $20,000 by the U.S. District Court.

Nelson has been held in default of $100,000 bail. He appeared in court on crutches to protest the amount was too high. His counsel told U.S. District Judge William Kirkpatrick that "you can't deprive a person of his constitutional rights".

Judge Kirkpatrick, in granting the reduction, ruled that "bail is not fixed to keep a person in jail It is to assure his appearance when he is to be tried for the offense charged".

Nelson did not post bail immediately. He had argued he could not obtain $100,000 as security.

Nelson was arrested during the nationwide roundup of second-rank Communist leaders following conviction of 11 top officials of the party in New York

He also has been on trial in Pittsburgh on charges of sedition, but that trial was suspended several months ago when he was injured in an auto accident.

Transparent Soap

To make a transparent soap, mix one pound of yellow bar soap, shaved in thin slices, with ½-pint of alcohol Put into a kettle of cold water and let the water boil for 10 minutes, stirring the soap all the time. Scent to please, bergamot or rose, and pour into molds.

Jaking Jam

When making jam, let the fruit boil for about 10 minutes before the sugar is added and only about one-half the quantity of sugar is required.

Proper Washing

When washing glasses that have had milk in them, one should first run cold water into them Hot water dries the milk, giving the glass a cloudy appearance.

Care of Chamois

After using the chamois rinse it out at least three times, shake it well, and hang up to dry Pull and shake it several times while it is drying, this will keep it soft. The chamois should be dried slowly, and never in the sun or over heat

How Can I ???

By ANNE ASHLEY

Q: How can I prevent any danger of rust inside an oven?

A: The oven door of the gas range should be left open for a while after using. This will let out the warm air, and no moisture will collect to form rust

Q.: How can I prevent moisture from forming on eyeglasses when going from cold into a warm atmosphere?

A: Moisten the tips of the fingers and rub them over a cake of soap, then rub them over the lens, and polish as usual

Q.: How can I keep the meat of nuts whole when taking them from the shells?

A: If nuts are heated before cracking, they may be removed from the shells almost whole

FOLLOW THESE EASY RULES

1 No purchase is necessary Official entry blanks are available free at all Sohio stations.

2 Simply write a slogan for new Sohio HQD Motor Oil in 15 words or less Your slogan can describe one of the New properties of this new idea in oils such as "Polices engine dirt, increases engine life", or "Cleans your engine while you drive"; or it can be general, such as "More than just a motor oil". Entries will be judged for thought, originality, appropriateness and sincerity Clever or fancy entries will not necessarily count extra.

3 Use the official entry form or any sheet of paper of similar size (about 5½"x8") Write or print your name and address clearly at the bottom of your entry. Mail your entry to Sohio Motor Oil Slogan Contest Board, Box 6539, Cleveland 1, Ohio. Make as many entries as you wish, using a separate form for each entry.

4 Contest period is Aug. 27 to Sept. 22, inclusive Entries must be postmarked not later than midnight, Sept. 22, and in the hands of the Sohio Contest Board by Sept. 26

5 Winners will be announced on or about Oct. 15. All entrants will receive notification by mail of winners when the judging is completed.

6 Contest open to any person of any age who lives in Ohio, except Sohio dealers, employees and their families, of the Standard Oil Company (Ohio) and organizations cooperating with The Standard Oil Company during the contest.

7 Entries must be made in the contestant's own name. No entries will be returned. Entries, contents and ideas therein, become the property of The Standard Oil Company (Ohio).

8 Entries will be judged by an impartial judging staff of The R H Donnelly Corporation. Final selection will be made by a committee of prominent judges including Mr Louis Bromfield, famous author; Mr. Elmer Hutchisson, Acting President, Case Institute of Technology; and Mr. D. M. Whitmore, President, Ohio Automobile Association. Decisions of the judges will be final; duplicate prizes will be awarded in case of ties This contest is subject to all Federal, State and local regulations.

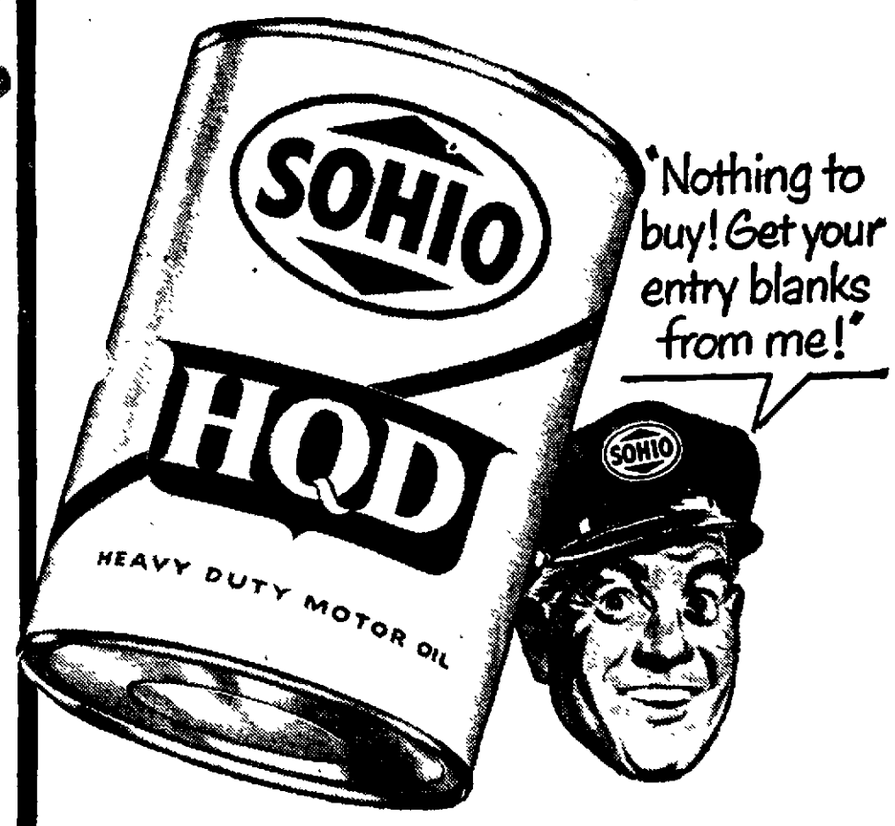
SOHIO

It's easy to find a slogan for this great advance in engine protection



Just give us a slogan in 15 words or less for this new idea in motor oils

Any of these outstanding performance features of New Sohio HQD motor oil may help you win big money!

1 IMPROVES ENGINE CONDITION—The super-detergency of new Sohio HQD Motor Oil improves engine condition by dissolving dirt, sludge, varnish from pistons, valves, oil lines and screens. Lengthens engine life . . . reduces engine repairs.

2 KEEPS NEW ENGINES CLEAN—Used regularly, Sohio HQD Motor Oil relieves need for motor flushes or expensive oil pan cleaning . . . keeps moving parts shiny-clean, practically wear-free

3 HOLDS ENGINE CONTAMINANTS HARMLESS Carbon, road dust, other harmful engine contaminants are actually homogenized into harmless solution, drain out with the oil at regular drain intervals.

4 LOWERS OIL CONSUMPTION—In actual test, the high VI (Viscosity Index) of new Sohio HQD Motor Oil lowers oil consumption; extends by many miles the distance between added quarts.

5 INCREASES GASOLINE MILEAGE...RELEASES GREATER ENGINE POWER—By reducing internal friction, the major power thief, new Sohio HQD Motor Oil increases engine power in dynamometer tests . . . improves gasoline mileage over other leading oils.

6 PREVENTS ACID ACTION . . . REDUCES ENGINE WEAR—New Sohio HQD Motor Oil has a long-lasting alkaline reserve that neutralizes the harmful acids formed in every engine, a major cause of engine wear.

7 RESISTS THINNING—No matter how hot the engine gets, high VI (Viscosity Index) Sohio HQD Motor Oil keeps its body, provides a tough, shock-proof lubricating cushion between vital parts.

8 RESISTS THICKENING—No matter how cold the weather, Sohio HQD Motor Oil's sub-zero pour point and high VI give instant lubrication protection and quick, easy starts.

9 FIGHTS ENGINE HEAT—New Sohio HQD Motor Oil contains an exclusive, tough base stock that clings to upper cylinder walls, provides lubrication in even the most intense engine heat.

10 PREVENTS ENGINE RUST—New Sohio HQD Motor Oil penetrates and clings to vital engine parts. No matter how long your car stands between trips, it prevents internal rust a day . . . a month . . . or longer.

'Thrift, Truth' Asked By Taft

Ohioan Wins Friends In Maine, Aids Say

ROCKLAND Me Aug 23 (AP)—A return to 'thrift honesty and truth' in government was demanded in a speech here last night by Senator Robert A Taft (R) of Ohio

Taft speaking at a Republican rally on a swing through New Hampshire and Maine to sound out G O P sentiment on nominees for 1952 won political friends in Maine partisans said

The Ohio senator did not commit himself on the question of seeking the presidential nomination He did tell newsmen he may be "forced" to a decision early next year

However Taft s tour companion Maine s Republican Senator Owen Brewster said things are shaping up pretty well' for the Ohioan

'I believe he will be nominated and elected' Brewster declared

Taft accused President Truman of trying to sweep away criticism of his administration by shouting liar at those who complain that Communist and corrupt influences are at work

'I suggest that the President point out the lies instead of shouting liar' said Taft He added that presidential name-calling against critics is evidence of the low standard he accepts himself and hopes will be accepted by the people

Program For BETTER LAWNS

Late summer – early fall is the ideal time to beautify your lawn A beautiful, sparkling Scotts LAWN costs no more than the ordinary kind Here is all you do:

1 Apply Scotts 4 XD to dispose of broad-leaved weeds

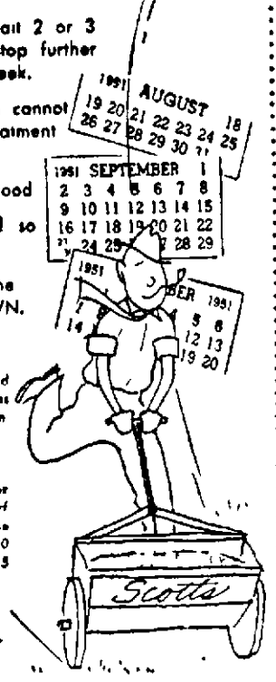
2 If Crabgrass is present, wait 2 or 3 days, then apply SCUTL to stop further growth. Repeat SCUTL in a week.

3 If weather is dry and lawn cannot be watered, delay further treatment until after a soaking rain

4 Apply TURF BUILDER lawn food

5 Seed sparingly - you need so little when you use Scotts

Autumn is also the best time to build a NEW LAWN.



Scotts LAWN SEED
Economical - 3 000 000 seeds per pound so you need sow only a third as much as ordinary seed to get a permanent lawn

K. Of C. Urges U.S. To Break Off Ties With Red Bloc

PITTSBURGH Aug 23 (AP)—The Supreme Council of the Knights of Columbus today urged the United States to break off diplomatic and trade relations with Russia and its satellites

The resolution declared that in such nations which it referred to as international outlaws, the basic right of religious freedom is repeatedly and cynically violated, freedom of information repressed and accredited journalists harassed and imprisoned

The national body listed Poland Hungary, Czechoslovakia Romania Bulgaria and Communist-ruled Yugoslavia

In these nations the resolution declared 'such beloved spiritual leaders as Cardinal Mindszenty Archbishop Stepinac Archbishop Beran, Archbishop Groesz and Bishop Cule as well as unnumbered priests nuns and laymen by their suffering for their faith are giving testimony to the whole civilized world of their loyalty to God and their adherence to the fundamental principles of human dignity and freedom

'The United States' the resolution continued 'in keeping with its honorable traditions and to give needed emphasis to the proposition that brutal tyranny cannot be condoned anywhere in the world should recall its diplomatic representatives from these countries where human rights are mocked should dismiss from the United States the diplomatic representatives of such governments, and should terminate trade relations and economic benefits that support and prolong their malignant power

Three Indicted For Contempt

Named For Silence In Subversives Quiz

COLUMBUS Aug 23 (AP)—Two men and a woman who refused to answer questions of the Ohio legislature s anti-subversives committee today stand indicted on a total of 61 counts of contempt of a legislative committee

The three—Philip Frankfeld and Andrew Remes, both of Cleveland and Mrs Mildred Hamilton of Youngstown—were indicted by the county grand jury yesterday

Frankfeld one of the Communist party leaders arrested Aug 7 in New York City, was indicted on 33 counts

Remes who was summoned here May 4 with Frankfeld to testify before the legislative committee faces 19 counts

A true bill containing nine counts was returned against Mrs Hamilton who on May 3 refused even to give the committee her maiden name

Maximum penalty upon conviction is $5 000 on each count The minimum is $100 on each count

Prosecutor Ralph J Bartlett, in a statement issued at the same time the indictments were announced called for a strengthening of the power of the General Assembly to punish instances of contempt 'so that the legislature not only has clearly the power to punish for contempt but may prescribe stiff penalties

The leadership of the legislature, after the three witnesses had declined to answer the questions of the joint Senate-House committee, was puzzled about its rights under the law to punish for contempt and asked Attorney General C William O'Neill for guidance

The upshot was the decision to seek contempt convictions in the Franklin county courts

Kilgore Claims Bill Will Wreck Controls

HUNTINGTON, W Va, Aug 23 (AP)— The recently-enacted defense act eventually will wreck price and wage controls', Senator Kilgore (D) of West Virginia, told the annual West Virginia Federation of Labor convention today

The reactionary spokesman for the special interests that are in Congress ignored the advice of the President his top economic advisers and even the clear-thinking members of their own group and wrote a bill which protects no one but themselves' Kilgore asserted

It will raise ceiling prices for the manufacturer the wholesaler and the retailer This bill heralds the return of black markets meatless meals, high prices, lagging wages and the terrible deprivation and frightful damage of a renewed inflation

Huddle Behind Closed Doors

Senators Strike Snag In Tax Boost Formula

WASHINGTON Aug 23 (AP)—Senators on the tax-writing finance committee huddled behind closed doors again today to take another look at—and maybe revise—their formula for boosting personal income taxes

One member told newsmen late yesterday the formula didn t work out the way the committee had anticipated

This senator indicated the trouble was caused by a hump in the impact of the plan at middle income levels

Tables showing how the formula would apply were released yesterday They showed that some married couples in the $5 000-to-$15 000 income brackets would pay more under the Senate formula than under the system the House has voted

The senator said the committee yesterday looked into various ways to moderate these boosts but that whenever we knock out that hump, it bulges out somewhere else

After the formula was voted tentatively late Tuesday committee staff experts said it would benefit all classes of taxpayers as compared with the House plan but would help the little fellow only slightly and the high income brackets much more

Chairman George (D) of Georgia of the finance committee said the tables were somewhat misleading because they did not take into account a feature we had been discussing But he indicated this feature actually had not been voted on by the committee George said some modifications in the formula may be made today

Colin Stam chief of staff of the congressional committee on internal revenue taxation said the tables were correct as a reflection of the tax boost formula announced Tuesday

Senators were close-mouthed about any changes that may be voted in the formula

One indicated however there is fear the plan voted by the committee may stir a political storm because of two features

These are the big benefit in the top brackets as compared with the House bill and the heavier impact on married couples in the middle brackets

The Senate formula would raise an estimated $2 435 000 000 a year in additional revenue from the individual income tax $412 000 000 less than under the House bill

It would impose a defense tax on the portion of an individual s taxable income which is left after he pays his present tax The rate would be 3 per cent on the first $2 000 of this remainder and 4 per cent on anything above that

The House plan included in its $7 200 000 000 revenue-boosting bill calls for the addition of 12½ per cent to the amount the individual pays now

The increase for some married couples under the Senate plan as compared with the House bill would not be great

Changed Fingerprints Give Away Criminals

WASHINGTON Aug 23 (AP)—Criminals who try to change their fingerprints through plastic surgery are making a mistake says F B I Chief J Edgar Hoover

That is just like waving a red flag as scar tissue appears at once he says

Hoover s remarks were contained in testimony made public yesterday by the Senate appropriations committee He was a witness during committee consideration of the Justice Department appropriation bill

He said the F B I has found a number of instances particularly in the so-called kidnaping era in which criminals had their fingerprints altered

We sent several physicians to the penitentiary for compounding a felony he added

Judge Upheld In Power Case

Crossland Declared Without Prejudice

COLUMBUS Aug 23 (AP) — Common Pleas Judge Clarence J Crossland tried today to decide if he will step out of the court contempt case growing out of the bitter Ohio Power Co strike

The Muskingum county judge doesn t have to step out Chief Justice Carl V Weygandt ruled this yesterday holding Judge Crossland was without prejudice when he banned picketing at the power firm s Philo plant near Zanesville

After a two hour hearing Justice Weygandt said This evidence here today showed the judge has handled the matter as he believed it should be handled Judge Crossland is at liberty to proceed with the case in any way he wishes

Joseph Hartman president of the C I O Utility Workers of America Union Local 138 accused Judge Crossland of prejudice He asked the Supreme Court justice to remove Cross and and assign another judge to hear a contempt case

The union is charged with contempt on the basis of reports of sabotage at the Philo plant where the union has been on strike since July 21 Judge Crossland limited picketing to four pickets at each of three gates and he charged the company and the union to keep the peace

A few days later the company charges 16 spikes were removed from railroad tracks leading into the plant They were replaced with defective spikes

The company also said nails were sprinkled on company property telephone lines were cut and telephone and electric lines were cut at homes of three supervisory employees

Jacob Clayman secretary treasurer of the Ohio C I O council represented the union along with Ralph G Marshall of Zanesville

Said Clayman Judge Crossland it seems to me is a man who can t view the matter objectively Some people can t He assumes this (sabotage) was done by the union and immediately deprives the union of its basic right to picket

Marshall said Judge Crossland showed prejudice in banning picketing on statements of a company attorney without calling for evidence

Judge Crossland told the court his picket order was accompanied by the warning that violations would bring about a complete picketing ban which now holds at the plant

Florists Bow Out Of Playoffs As Lisbon Wins

Victors Open Series Sunday With Negley

The Riverview Florists were blasted out of the County League's Shaughnessy playoffs Wednesday night at Negley when the county seat nine walloped the East Liverpool entry, 14-6 in the deciding game of the series

Lisbon will open a best three out-of-five series with Negley Sunday at Negley Game time will be 2 30 p m

Stewart Curtis publicity director said the second game will be played Wednesday and the third on Sept 2 A doubleheader will be played on Labor Day if necessary All games tentatively are set at Negley

A five-run outburst in the second followed by four tallies in the third virtually clinched the game for Lisbon

Manager Homer Ensinger started Bob McGaffic sent Don Railing into battle in the second with Vic Reed finishing the game Jim Bowers went the distance for Lisbon

Bowers was the big gun in the 12-hit attack with two doubles and a single while Bridges Tisch and Webber connected for two hits apiece, including a home run in the second by Tisch

Don Glass and Harry Podewels collected two hits each for the Florists

U. S. Favored Over England In Wightman Cup

BROOKLINE, Mass, Aug 23 (AP) —England's feminine tennis stars haven't been able to win the Wightman Cup since 1930 and they figure to be beaten again when they play the United States team here tomorrow and Saturday

American players have won 18 of the 22 cup matches played since Mrs Hazel Wightman put up the trophy in 1923

Wimbledon Champion Doris Hart of Jacksonville Fla, number one player of the American team will oppose England's Jean Quertier in tomorrow's opening singles match The latter is ranked number two after Mrs Jean Walker Smith, on the English team

The draw

Friday singles Miss Hart vs Miss Quertier Shirley Fry of Akron, O, vs Mrs Walker-Smith England

Friday doubles Mrs Patt Canning Todd, La Jolla, Calif and Nancy Chaffee Ventura, Calif vs Pat Ward and Joy Gannon Mottram, England

Saturday singles Maureen Connolly, San Diego, Calif, vs Kay Tuckey, England Miss Hart vs Mrs Walker-Smith Miss Fry vs Miss Quertier

Saturday doubles Misses Hart and Fry vs Misses Quertier and Tuckey

Bears-Rams Exhibition May Show West Power

LOS ANGELES Aug 23 (AP) —It's only an exhibition game but tonight's football battle between the Chicago Bears and the Los Angeles Rams may show where the real strength is in the Western Division of the National Pro League

George Halas is supposed to have one of his championship teams in the making It has more speed than in 1950 and Quarterback Johnny Lujack's arm sore much of last season is back in condition The Bears will do more passing probably will complete more passes and that should strengthen their already sound ground game

The Rams have won the division title for two years running and Coach Jumbo Joe Stydahar makes no secret of his belief that this is a better team than won last year only to be nosed out by the Cleveland Browns in the playoff The Rams are shy experience at the tackles, but the newcomers have looked mighty good in two privious games this month The test comes tonight

Win Women's Softball

SPRINGFIELD O, Aug 23 (AP)— It took Ann-Ton's of Columbus three years to do it but the Columbus gals finally whipped Carano's Orphans of Springfield last night to win the women's state softball championship The Springfield team has beaten Columbus in the state finals the last three years Last night, Ann-Ton's reversed its luck to win, 3-1.

HAPPY BIRTHDAY FOR AL. Cleveland Indians Manager Al Lopez (center) ended a happy birthday at Cleveland as the Indians defeated Washington, 5 to 3 to take first place in the American League with a one-game margin, which now has been stretched to two games Helping to win the game and assist in blowing out the candles are (left to right) Bob Avila, Al Rosen Dale Mitchell, and Harry Simpson, all home run hitters, and winning pitcher, Mike Garcia who has 17 wins to his credit

Laughlin's Make Bow In OAB District Tourney

Homer Laughlin will make its debut in the Ohio Amateur Baseball Congress tonight at 6 when it meets the Creston Moose of the Barberton City League in the O A B district tournament at North Canton

Manager Fred Bailey's club will be facing an unknown team but should be given a good chance to reach the semi-finals on Saturday

The 1951 City League champions have added Bob Campbell of Irishtown Len O Hanlon of the Elks and Mel Lockhart of Litten Motors to their roster for the tourney.

Now participating in the league's playoff series against Irishtown which will resume Monday night at 6 at Patterson Field, Laughlin's has compiled a mighty respectable 312 batting average in 41 games during the season and playoffs

The hitters have been backed up by good pitching from Buck McNicol, Bob Simmons and Jack Wheatley

McNicol probably will draw the starting nod in tonight's game at 6 at Memorial Stadium in North Canton

If Laughlin's win they will return Saturday to meet the winner of the Akron Smith Sheriffs-North Canton Hoovers game in one semi-final battle

The two winners will clash Sunday at 2 30 p m for the district championship Both will be eligible for the state tourney Aug 30-31 at Ashtabula

Andrews Pitches No-Hitter; Pack 12 Advances To Finals

The second no-hit, no-run game in as many days was fashioned Wednesday evening at the Y-Vodrey lot as Gerry Andrews of Pack 12 handcuffed Pack 25 in a semi-finals game of the Cub Scout Softball League playoffs drew the walk in the first inning and moved around to third the only Chester runner to reach that base

Pack 12 won 5-0 and will clash with Pack 31 Friday at 6 30 p m on the Bradshaw Ave field for the championship

The winners tallied single runs in the first and second frames and bunched three hits to score three times in the third

Andrews struck out 10 and walked only one Burnquist of Pack 25 Ken Milligan, Chester hurler, was touched for six hits but fanned eight He was on the starting end of a double play in the fifth that nipped another Pack 12 rally

Favorites Move Into Third Round Of Caddie Golf

COLUMBUS, O, Aug 23 (AP)—The favorites headed by qualifying medalist Bill Curtis of Detroit and runner-up medalist Bill Parker of Tulsa Okla, today headed into the third round of the PGA-National Caddie Tournament

Yesterday's two match-play rounds reduced the fields in both 'the championship and consolation flights to sweet sixteen'

Curtis coasted through the first round by humbling Paul Blum Rochester N Y 7 and 5 and then slapped down Billy Fraley Huntington W Va, by the same score in the second round

Parker mastered Stanley Shipley Dayton O 5 and 4, in his first round match and then tripped John Manuel Sandusky, O, 4 and 3 to take his second verdict

The flashy Curtis was five under par at the end of 13 holes in his second round match with Fraley This fine medal effort was duplicated by Leonard Pietras Toledo in his first round match as he closed out Billy Redding of Indianapolis 6 and 4

The quarter finals are scheduled this afternoon the semi-finals tomorrow and the 36-hole finals Saturday

Winner of yesterday's driving contest was Earl Moeller of St Louis with a 267-yard poke into the wind

Lawrence Tech Says It'll Play Cage Card

DETROIT Aug 23 (UP) — Coach Don Ridler agreed Wednesday to return to Lawrence Tech now that the engineering school has decided it wants to remain in the big-time basketball picture

The school's 1951-52 schedule was canceled last week by Lawrence Tech's president E George Lawrence The LIT Board of Control voted to withdraw from intercollegiate basketball because of 'overemphasis', but reversed its field yesterday and announced that the school would play out its schedule

Lawrence said 'I guess we blew a fast whistle"

The students were angered when they learned that the board had canceled the school's basketball schedule for the coming season Coming on the heels of basketball fix' scandals followers of Lawrence Tech's Blue Devils said the withdrawal was nothing less than quitting under fire

Savitt Gets No. 1 Seeding In Net Play

NEW YORK, Aug 23 (AP) — Dick Savitt of Orange, N J, winner of the Australian and Wimbledon titles already this year, was given No 1 seeding today in the U S tennis championships opening Saturday at Forest Hills, N Y

The big, dark-haired Cornell graduate was rated over Defending Champion Art Larsen of San Leandro, Calif, in the men's singles division. Tony Trabert of Cincinnati was seeded No 3 and Herbie Flam of Los Angeles the 1950 runner-up, was ranked No 4

Mrs Margaret Osborne du Pont, who has won the women's singles crown for the last three years, did not enter and the No 1 women's seeding went to Doris Hart of Jacksonville Fla 1950 runner-up and winner of the Wimbledon championship this year

Mrs du Pont has been undergoing treatment for a sprained back Also missing from the women's field will be Louise Brough of Beverly Hills, Calif, winner of the title in 1947

Seeded second behind Miss Hart in the women's division was Shirley Fry of Akron, O, followed by Mrs Pat Todd of LaJolla Calif, and Maureen Connolly of San Diego, Calif

After the top four in the men's seedings came Billy Talbert of New York, No 5 Gardnar Mulloy of Miami, No 6 Vic Seixas of Philadelphia, No 7, Budge Patty of Los Angeles, No 8, Ham Richardson Jr of Baton Rouge, La No 9 and Straight Clark of Los Angeles No 10

The foreign seeded list was headed by Frank Sedgman of Australia who is one of the leading favorites for the crown. Completing the foreign seedings, in order were Ken McGregor of Australia Mervyn Rose of Australia, Tony Mottram of England, Paul Remy of France Don Candy of Australia Jiro Kumamaru of Japan Svd Levy of South Africa, Brenda Macken and Lorne Main, both of Canada

Nancy Chaffee of Ventura Calif, was seeded No 5 among the women, followed by Beverly Baker of Santa Monica Calif, and Betty Rosenquest of South Orange, N J

Mrs J J Walker-Smith headed the foreign seeded list in the women's division

Athletes' Wage Panel To Submit Plan Labor Day

NEW YORK Aug 23 (AP)—A three-man panel of the Salary Stabilization Board studying the effect of inflation controls on salaries of professional athletes hopes to submit its recommendations by Labor Day

The board—composed of John Kieran former sports writer Ty Cobb, ex-baseball player and Dr C C Byrd, one-time football coach and now president of the University of Maryland—concluded its hearings yesterday

The board heard three representatives of professional sports come out in favor of ceiling on salaries based on the maximum paid last year However one Clarence Campbell president of the National Hockey League asked no interference with the system of incentive payments and bonuses

In answer to a question by Cobb he said

Any restraint to the incentive system would do a great deal of harm to hockey"

Mikan's Stars, Globetrotters Clash Tuesday In Pittsburgh

PITTSBURGH, Aug 23 (Special) —The greatest outdoor basketball attraction ever offered in this part of the country is scheduled for Tuesday night when the famous Harlem Globetrotters will meet George Mikan's United States Stars on a specifically constructed court at Forbes Field

The Stars are an array of professional basketball luminaries who played against the Trotters in a six-week tour of South America and a swing of 16 weeks through Europe and North Africa The teams are due to arrive back in New York Saturday and immediately will launch into a spectacular series of six outdoor games in baseball parks The series will open at Griffith Stadium in Washington D C Sunday night and the second game will be staged two days later in Pittsburgh

It is believed that the ball park series may start a new trend in American basketball and bring the sport outdoors to attain the same success it did for the Trotters in many other countries The renowned Harlem court wizards of Owner-Coach Abe Saperstein, who have thrilled the basketball world with their unmatched record for skill, comedy and showmanship over a stretch of 24 years, have packed every hall in which they ever appeared in this sector, regardless of the caliber of their opponents and in meeting such a formidable foe as Mikan's professional Stars it is expected that they will attract to Forbes Field the largest gathering that ever witnessed a basketball game in this section of the country

Mikan, sensation of the Minneapolis Lakers and last year voted the 'basketball player of the half century', will coach the Stars and predicts they will extend the Negro standouts to their limit The prospect is for an exhibition of basketball wizardy in Pittsburgh surpassing anything of the kind ever seen in the tri-state region

The court will be constructed between home plate and the backstop screen at Forbes Field The game will start at 8 30 o clock, East Liverpool time

Yanks Lose To Steelers; Face Browns

AKRON O, Aug 23 (AP) — The New York Yankees professional football club rolls into Akron today to get ready for Saturday's exhibition against the Champion Cleveland Browns.

The Yanks—playing under a new coach and without their star quarterback of last season—dropped a 21-17 decision to the Steelers at Pittsburgh last night

Jimmy Phelan—who replaced red Strader as coach—used Johnny Rauch to take the place of passer George Ratterman, who went to the Canadian League Rauch passed to Zollie Toth for the second of the Yanks two touchdowns Both came in the closing minutes with the Steelers comfortably ahead

Joe Geri threw to Elbi Nickel for two Steeler touchdowns and Lynn Chandois tossed to Joe Gasparella for the other

The other Yank TD came after George Edwards fell on Chandois fumble on the Steeler five

Coach Paul Brown plans to use Saturday's game to try out Ace Loomis a rookie safety man from LaCrosse State Teachers College The coach needs a man to fill in for Ken Gorgal, who joined the armed forces

Brown will also be checking to see whether Chuck Schroll or Alex Agase will be picked to relieve Tommy Thompson, the starting middle linebacker

He expects to start Emerson Cole at fullback in place of Marion Motley, the National League's top offensive fullback Motley has been troubled with water on the knees

Columbiana High To Launch 9-Game Grid Card Sept. 14

Indians, Leading By Two, Open Crucial Series With Yankees

Maxim Retains Crown With Defeat Of Murphy

NEW YORK, Aug. 23 (AP)—Joey Maxim settled the world's light-heavyweight crown tightly on his swarthy brows today by virtue of his surprising 15-round decision over free-swinging Irish Bob Murphy.

It was a case of boxing science versus brawling and science won.

The action-packed fight in Madison Square Garden last night came as a shock to the experts, who picked Murphy to win and made him the 12-5 betting favorite. This was Maxim's first defense of the title since he won it 18 months ago in London from Freddie Mills.

"About the seventh or eighth round I thought I had things under control, but he scared me every round," said Maxim afterwards.

"I felt very strong, but I just didn't have that little teeny zip you need," said Murphy. "I had him sick plenty of times. If it hadn't been for the ropes he would have gone down in the first round, and if might have finished him."

From the fifth round on Murphy fought with his right eye almost closed, peering grotesquely out of his left but wading in fearlessly, and taking repeated sharp combination punches to the head and body. Murphy wanted to fight at close range and was willing to take cruel punishment to do so. Maxim managed to keep him at a distance at least half the time, and hurt him both from short and long range.

There was no argument over the decision. Referee Ruby Goldstein scored it 10 rounds for Maxim, three for Murphy and two even; the judges, Harold Barnes and Charley Shortell, made it 10-5; the Associated Press scored it 11-4.

Everyone knew Maxim was a skilled boxer, but Murphy had shown such ability to absorb two punches for a chance to land one that it was generally figured that towards the end of the fight Maxim would tire and finally go down under the sailor's hammering infighting.

The surprise came when Maxim took all that Murphy could throw, held him off in neat and artistic fashion, made him swing wild, and peppered his head and body. Maxim did not escape unhurt. He was bleeding at the nose after the first round, and his left hand was damaged early in the fight.

"I never did think I could knock him out," said Maxim in heartfelt tribute to his tough foeman.

As for Murphy, he was cheerful in defeat even although his right eye was closed tight, hidden under an egg shaped mass of purple. He plans a long vacation from the ring.

The fight did well, drawing 9,525 who paid $48,148. And there was an additional $100,000 from television and radio. Maxim gets 40 per cent of the net gate and the same percentage of the TV and radio income. Murphy's share of each is 20 per cent.

Fight Results

By The United Press.

New York (Madison Square Garden) Joey Maxim, 173½, Cleveland, outpointed Bob Murphy, 174½, San Diego, Calif., (15)—retained world's light heavyweight title.

Montreal—Laurent Dauthuille, 160, France, outpointed Eugene (Silent) Hairston 160¾, New York, (10).

Miami, Fla.—Billy Scholes, 132, Tampa, Fla., outpointed Humberto Sierra, 132, Havana, Cuba, (10).

The Cincinnati Reds, as a team, struck out fewer times than any of their National League rivals in 1950.

Preliminary 'Cap Trapshoot Billed Today

By FRITZ HOWELL

VANDALIA, O., Aug. 23 (AP)—The dress rehearsal for trapshooting's greatest show was being held today at the 52nd Grand American.

On tap was the preliminary handicap, a 100-target feature in which some 1,200 to 1,400 shooters will fire anywhere from 17 to 25 yards back of the trap-house.

Only five times in 51 years has a perfect score won the preliminary, and three of the perfect centuries came in the last four years.

In 1950, Alvin Hexteil of Newark, Ill., broke 100 straight to beat out a field of 1,548.

The roaring grand's big show, the Grand American Handicap, comes up tomorrow. It is the "World Series" of trapshooting and the most conveted title in the game.

Today's event is exactly the same as the big handicap, but in importance, rates about like the sixth race compares to the Kentucky Derby.

Although the preliminary and the Grand American Handicap have been fired for 51 years, only one man has ever won both. Back in 1905, R. R. Barber of Paulina, Iowa, broke 98 to win the preliminary, and came back the next day with 99 to take the big one.

No one has ever won the preliminary or the big handicap twice, but at least a dozen former champions were in today's field trying to break the tradition.

The handicap fields are always the largest at the trapshoot. About 900 participated yesterday as the class championship, last of the minor events, were decided. Four of the five class races wound up in ties, requiring shootoffs which extended until dark. One was decided on the flip of a coin when a tie remained after a 25-target shootoff.

Bobby Lee Stifal of Casey, Ill., won the Class AA championship, yesterday's top event. He broke 200 straight in a heavy wind to tie John Kurty of Columbus, Wis., and then knocked off 75 in a row to take the title. Kurth missed once.

Orley B. Milligan of Coos Bay, Ore., won the Class A title in his first trip to the Grand American. He tied at 199 of 200 with George Genereux of Saskatoon, Sask., and Iva Pembridge of Phillipsburg, Kas., then won the shootoff with Genereux second and Miss Pembridge third.

Class B—W. H. Spradlin, Keyes, Okla., won with 198 of 200.

Class C—Jacob Lutz, Union, O., won on the toss of a coin with E. L. Pennington of Chillicothe when darkness set in. They still were tied after a long shootoff. Earl Spitler of Union, O., and Ralph Hayes of Rochester, Minn., who had tied Lutz and Pennington in the regular event with 197 of 200, went out early in the shootoff.

Class D—Harold Lohman of Richfield, Wis., trimmed Van H. Marker of Evanston, Ill., 25-22, in a shootoff after they had tied at 196 of 200 in the regular event.

Professional—Rudy Etchen of Sun Valley, Idaho, won over A. E. Brannan of Omaha, Neb., 25-24, in a shootoff after they had tied at 199 of 200 in the regular event.

Singles for five zone champions—Won by Arnold Riegger, Seattle, Wash., with 99 of 100 over Mercer Tennille of Shreveport, La., and Stifal, who had 98.

Five-man state team championship—Won by Illinois with a score of 983 of 1,000. Oregon was second with 982 and Wisconsin third with 980.

Sports writers—Won by Fritz Howell of the Associated Press with 19 of 25, for his third such title.

Gun-Packing Deputy Prefers His Slingshot

GRAND CANYON, Ariz. (UP) A slingshot swingin' deputy sheriff, Bill Back, is the Pied Piper of Coconino county.

He knocks off rattlers with 45-caliber pellets and blasts the mice that scurry through the mule barns of this canyon town.

Lanky Bill's a handy man with a pistol and holds several records in official F.B.I. shooting matches. That's his office equipment, however.

For fun, he'll take the slingshot every time. He can split a rattler's head or splat a rat at 50 paces.

Bill clung to his boyhood weapon when his father wouldn't let him tote a gun. As he grew up, he preferred his slingshot to any mechanical piece.

"You can hunt quiet," he explains. "If you should miss your game (which Bill doesn't), there isn't much noise to scare him off. a slingshot won't scare anything for miles around like a rifle will.

"Game has a lot of curiosity. The thud of a lead ball won't make 'em run far. Like as not they'll stick around trying to see what's going on."

The late Leo Digel won the Michigan state open championship when he was 17.

Dodgers Pad National Lead With Double Win

By RALPH RODEN
Associated Press Sports Writer

Cleveland's electrifying stretch drive for the American League pennant enters another critical stage today as the Indians clash head on with the runner-up New York Yankees.

The Indians, out in front by two games, have three of their aces ready for the invading Yankees, who limped in from Detroit.

Manager Al Lopez will shoot Bob Lemon (14-9), Early Wynn (14-11), and Mike Garcia (17-8) against the defending champions. Bob Feller (20-5), of course, is in reserve.

The Yankee pitching plans are not as formidable. Vic Raschi (17-7) will face Lemon today. Jack Kramer (1-3) is scheduled for Friday night's game and Ed Lopat (15-7) is slated to work in the series finale Saturday.

Allie Reynolds (12-7) originally was scheduled to go Friday night, but the fast-balling righthander worked four innings yesterday as the Yanks dropped a 7-6 12-inning decision to the Tigers. Kramer started the game and lasted less than two innings.

Avila

The Indians rested their big four yesterday and gambled against Washington. Chakales didn't last but the Indians pulled out a 6-5 14-inning victory to increase their lead to two games.

New York enjoys a 11-6 edge over the Indians in the season's series. However, the Yanks have won only three out of eight in Cleveland.

Bob Avila homered with two out in the 14th off Sandy Consuegra to give the Indians the edge over Washington. Dale Mitchell sent the game into overtime for the Indians with a three-run homer in the eighth.

The victory was the Indians' 18th in their last 22 starts and their 15th straight at home. Steve Gromek pitched the last seven innings and allowed only three hits to pick up his sixth triumph.

Johnny Groth singled home George Kell from third with the Tigers' winning run against the Yankees. The Yanks jumped off to a 4-0 lead in the first inning and led, 6-3, going into the eighth when Pat Mullin blasted a three-run homer to send the game into overtime. Virgil Trucks permitted only two hits and fanned five in the last four innings to gain credit for the victory.

In other American League games the Philadelphia Athletics swept a twi-night double-header from the Chicago White Sox, 5-2 and 8-1, and the Boston Red Sox beat the St. Louis Browns, 3-1, in 13 innings.

Bob Hooper stopped the White Sox on eight hits in the opener and Sam Zoldak limited Chicago to six hits in the second game. Gus Zernial homered in each game for the A's to boost his output to 27, tops in the American League.

The Red Sox won out in the 13th when Brownie Tommy Byrne granted a single and four walks. Byrne walked 16 during the game. Leo Kiely was the winner.

In the National League, the Brooklyn Dodgers captured a day-night double-header from the St. Louis Cardinals, 4-3 and 8-7. The runner-up New York Giants ran their winning streak to 11 games by defeating the Cincinnati Reds, 4-3. The Philadelphia Phils downed the Chicago Cubs, 4-0, and the Boston Brave edged the Pittsburgh Pirates, 4-3, in 10 innings.

Both Dodger victories were 10 inning affairs. Gil Hodges singled home the winning run in the first game and Jackie Robinson drove in the payoff counter in the night contest with his fifth hit. Clyde King won both games in relief to boost his record to 14-5. The Dodgers have now won 14 straight from the Cards.

Whitey Lockman doubled home Al Dark in the eighth inning to break a 3-3 tie and give the Giants the nod over the Reds. Sheldon Jones was the winner in relief.

Robin Roberts blanked the Cubs on five hits for the Phils. The triumph was Roberts' 17th and his sixth shutout. Sibby Sisti scored the Braves' winning run against the Pirates from third base on a wild pitch.

Keiser Wins Ohio Open Golf Tournament

LIMA, O., Aug. 23 (AP)—The 30-year-old Ohio Open golf trophy rested at Lima's Lost Creek Country Club today, and Herman Keiser's bank account was $1,000 fatter.

Drawling, slow-footed Keiser picked up both of those items yesterday in a whirlwind finish to nose out Amateur Frankie Stranahan, Toledo, on a 14-under-par 270. Stranahan's 274 made him the top simonpure.

The Toledo strong boy held a one-stroke lead over Keiser going into yesterday's 36-hole final, but his one-over-par 70-72—142 on the par 35-36—71 course wasn't good enough to stave off the 1949 champion.

Keiser, five under par yesterday at 70-67—137, finished 10 strokes ahead of his nearest pro rivals, Red Huge, Cleveland, and Al Marchi, Dayton, who had 280's.

Two amateurs, besides Stranahan, however, nosed in ahead of the runner-up pros. Harold Paddock Jr., Cleveland, jumped from 12th place to third with final 68-70 rounds for 279, and one stroke back was 18-year-old Pat Schwab, Dayton, 1950 state scholastic co-champion.

Tied for seventh at 282, were Pros Mel Carpenter, Hebron, and Ted White, Toledo. Then came six bunched at 283, five more pros and Amateur Don Albert, a June graduate of Alliance High School. The pros were Defending Champion Denny Shute, Akron; Hank Wilms, Cincinnati; Ralph Bond, Cleveland; Alex Polli, Columbus, and Jack Thompson Sr., Youngstown, 1928 champion.

The showdown's biggest tumble was made by Joe Thacker, Barberton pro, who was five strokes off Stranahan's 132 pace going into the last round. After firing a two under 69 in the morning, Thacker finished 15th with 283 when he took nine swings trying to get past the rough and a creek on No. 2 hole in the afternoon.

Keiser was four under par at the turn on the last 18 holes, bagging two birdies which included two 15-foot putts, while Stranahan went one over on the front nine. Both were one under on the back line.

Youth Vs. Experience In Women's Golf Meet

ST. PAUL, Aug. 23 (AP)—Youth was against experience today as the 51st National Women's Amateur Golf Tournament moves into the quarter-final phase over the Town and Country Club course.

One of those youth versus experience tilts gave promise of providing the oustanding battle of the day. Providing the experience was Mrs. Estelle Lawson Page, Greensboro, N. C., housewife seeking to repeat her championship-winning performance of 1937.

Slim, dark-haired and pigtailed Patricia Ann Lesser, Seattle, Wash., was her opponent. Patricia is just a little past her 18th birthday. Last year she won the Western and National Junior Amateur titles, so she is not withuut some experience.

Filling out the four-match schedule was Claire Doran, 27-year-old Rocky River (O.) school teacher is pitted against Mary Ann Downey, 25-year-old Trans-Mississippi champion and runner-up in the recent Western Amateur, from Baltimore.

Grace DeMoss, Oregon state champion, defeated Carol Diringer, Tiffin, O., co-medalist of the current tourney, yesterday, by a 2 and 1 score in a third-round match, after downing veteran Marjorie Lindsay, Decatur, Ill., in the second round, eliminated Dorothy Kielty, Long Beach, Calif., another pre-meet favorite, by a 3 and 1 count.

'Reckless Driving' Charged To Horseman

NORRISTOWN, Pa. (UP)—Leo J. Miller, 46, was charged with reckless driving after state police caught him riding his horse at full gallop on a highway—in the wrong lane.

Miller was hurt when he tried to jump his mount over a clergyman's motor car and was thrown to the highway.

Since Pennsylvania law states that anything capable of carrying a load on the highway is a vehicle, Miller was charged with driving too fast, carelessly and in a manner endangering life and property.

The Hayeses And The Tonsils Of Mel Torme

The charm of Peter Lind Hayes and his wife Mary Healy has captivated a lot of people in New York, Hollywood, Las Vegas, Detroit and—well, pick and city where they have played the night club circuit.

I'm among the victims. I'm also a friend of the Hayeses, so you can regard the rest of this critique with some suspicion if you like.

Their three prior ventures into television—Inside U.S.A., the Stork Club Show and The Peter and Mary Show—were not entirely happy ventures, generally due to circumstances beyond their control.

Their newest program, Star of the Family, has a few kinks in it, but it seems to me the most fortunate enterprise so far, chiefly because the Hayeses can relax and be themselves.

The gimmick in this show—there has to be a gimmick, junior, or how would we manage?—is that the Hayeses interview a member of the family of some entertainer, digging out pertinent information about how, say, Mel Torme got that way.

—:—

IN THE case of Torme, it was the wife who was interviewed, and, bless me, if she didn't bring along the X-ray shot of his tonsils.

You see Torme had his tonsils removed, but they half grew back. And that half-tonsil, neighbors, is what created a voice which has been widely admired as "the velvet fog". That is the gimmick on this show, and it's a good one. It could lead to all sorts of fascinating revelations about famous people.

I, for one, would love to see an X-ray of Frank Sinatra, the whole Frank Sinatra, to see if he has any bones at all. The fan magazines never probe into the really significant parts of an actor's background like a man's tonsils and how they influenced his life.

I was flattened by a tonsil operation myself once, and it was while I was lying there, waiting for them to half grow back, that I decided that I'd better not be a crooner anyhow (there was already one Crosby doing pretty well at it) and decided just to write about crooners. Been doing it ever since, a horrible mistake.

Let's get back to business. After Mrs. Torme, a very pretty girl, explained about the origin of the velvet fog, the fog itself appeared and demonstrated how that half-tonsil worked on a song called Behold How My Lover Loves Me. Worked fine.

But I don't think Torme's voice is entirely to be blamed on that tonsil. He's a good craftsman and has learned a lot about singing in the last couple of years.

—:—

BETWEEN GUESTS, Peter and Mary contribute my own favorite portions of the show, generally singing duets of a satiric nature. A scene, for example, from all the Jeanette McDonald and Nelson Eddy pictures, which, I thought, summed up that pair as expertly as possible.

I'm also rather fond of another of their songs, A Peony Bush In My Garden, a delicately malicious study of all the songs of that genre. At various other times, they have transformed themselves into Ethel Merman and Russell Nype in the duet from Call Me Madam, a song that may just possibly be a little overworked, and into Mario Lanza and Judy Holliday engaged in the most improbable duet of our times.

The guests, with a few exceptions, have been pretty wonderful, especially Joe Frisco. Frisco unburdened himself of his lament for horseplayers.

For your real horseplayer, this is the funniest comic routine in the world—the funniest and also the most tragic, since it may easily be the story of their lives.

I have a few small complaints as usual. Some of the guests, notably a comic named Gene Boyles, are not exactly out of the top drawer.

The member of the family in his case was his sister-in-law, who explained that all the members of his family kept telling him how funny he was, that he should be a professional comedian, he really should.

Well, I don't know. I sort of wish they hadn't urged him so hard. Also, the Hayeses' wisecracks about their own marriage sometimes reach a degree of archness which is trying.

Incidentally, the production and lighting (especially the lighting) are extremely handsome. Sometime, I think they know more about lighting at C.B.S. than at all the other networks put together.

They'll Work For 'Voice'

Newlyweds Job Team

The recruiting at the Post Office this week for prospective State Department employees took a romantic turn Wednesday with the signing up of a couple of honeymooners, Mr. and Mrs. Ronald Thomas Kenney, 1177 Lisbon St.

They are pictured with Miss Penelope Knox of Daytona Beach, Fla., left, a recruiter, filling out application papers.

Mr. and Mrs. Kenny were married June 30 in Escondido, Calif., after a romance which began while he was attending classes at Palomar College, San Marcos, Calif.

A Journalism major for two years, Kenney wants to get a crack at writing anti-Communist propaganda like the type that goes into "Voice of America" broadcasts. His wife, the former Darlene Putnam of Gothenburg, Neb., is a typist.

She was graduated in 1949 from Escondido High School and he from Chaffee Union High School in Ontario, Calif. He is a son of Willis Kenney, 501 10th St., Wellsville.

Miss Knox and Mrs. Margaret How of New York City have been interviewing applicants daily since Monday and about 25 have applied so far.

Against Threat Of Attack

Forces To Guard Japan Called For By MacArthur

NEW YORK, Aug. 23 (AP)—General Douglas MacArthur, in a letter to Japanese Prime Minister Shigeru Yoshida, has called for "adequate security forces" to protect Japan against the threat of outside attack.

The letter, dated Aug. 20 and made public today, also predicts that the Japanese nation, under the terms of the peace treaty, will join the free world in combatting communism.

"The devious advances of international communism must be firmly repelled as a threat to internal peace and the national security," the former supreme commander in Japan said. He added:

"To such end, so long as existing international tensions exist in Asia, adequate security forces should be maintained to safeguard Japan's internal peace against any threatened external attack."

MacArthur's letter was in response to a July 13 note from the prime minister which expressed gratitude for the general's efforts in behalf of an early peace treaty for Japan.

The general advocated eight principles as basic to "healthy national progress".

One is the maintenance of security forces in Japan.

He did not say whether the forces should consist of American or Japanese troops.

Meanwhile, it appears unlikely MacArthur will attend the San Francisco treaty conference, beginning Sept. 4.

Washington reports yesterday said he has turned down an informal invitation from Washington to address the conference.

Major General Courtney Whitney, a MacArthur aide, denied, however, that MacArthur had been invited.

He said the only possible way for MacArthur to attend the conference would be for the conference itself to issue a formal invitation.

Whitney told a news conference:

"You realize, of course, that as supreme commander in Japan, General MacArthur represented all of the nations which will send delegates to the peace conference. The United States was only one of the nations he represented."

Whitney added:

"When the President ignored General MacArthur in naming the U.S. delegates to the treaty conference, he precluded every appropriate manner by which the general could appear before the conference."

Lana Turner, Husband Have Misunderstanding

HOLLYWOOD, Aug. 23 (AP)—All is not peace and contentment in the household of tinplate heir Henry J. Topping and his wife, Actress Lana Turner.

An M.G.M. spokesman said Miss Turner has had "some misunderstanding" with her millionaire husband, who is out of town.

"Miss Turner expects him to return shortly," the spokesman added. "She hopes that at that time their problems will be solved."

Topping and Miss Turner were married in 1948. Topping had been divorced only three days before by Actress Arline Judge.

Miss Turner formerly was married to Bandleader Artie Shaw and to Stephen Crane, by whom she has a daughter, Cheryl, 7.

Crash Takes Second Life

COSHOCTON, O., Aug. 25 (AP)—The second victim of a motorcycle accident Monday near Newcomerstown died in Memorial Hospital yesterday. He was John W. Fogle, 22. Jack McElroy, 24, died Monday en route to the hospital. Both lived in Cambridge.

Ohioan Kills Himself After Hammering Wife

DELAWARE, O., Aug. 23 (AP)—A Marietta man killed himself in a cemetery south of here yesterday two days after he tried, Washington county Sheriff Dean Ellison said, to murder his wife with a hammer.

Dr. Wray Davies, Delaware county coroner, said Gayford Edwards, 38, killed himself by piping engine fumes into his car parked in a cemetery about a mile north of Westerville on the Delaware-Franklin county line.

Ellison said Edwards beat his wife in the face with a hammer Monday, inflicting a broken jaw and breaking her cheek bones. He said Mrs. Edwards is in serious condition at a Marietta hospital.

Ellison said Mrs. Edwards told him her husband attacked her with the hammer about two miles north of Wellston, then threw her in the trunk of the car for dead.

When she regained consciousness and made herself heard, Edwards let her out of the trunk, bathed her face in a creek, then took her to a motel east of Columbus and stayed all night with her, Mrs. Edwards told the sheriff.

He left next morning and failed to return. She hitch-hiked to Marietta and was hospitalized at once.

Groups Argue Who Will Run Aid Spending

Senate Committees Go Along With House On Billion-Dollar Cut

WASHINGTON, Aug. 23 (AP)—Two Senate committees which have agreed to go along with a billion-dollar cut in foreign aid funds voted by the House today tackled the problem of who will handle the spending.

In paring President Truman's $8,500,000,000 request, the House last week voted to put foreign aid spending under a new high-level agency responsible only to the President and Congress.

The two Senate committees—foreign relations and armed services—working jointly on a Senate bill voted yesterday to follow the House lead in slashing the program by $1,001,000,000.

Senator Lodge (R) of Massachusetts said today the group also agreed tentatively to place foreign military spending in the hands of the Defense Department.

However, Chairman Connally (D) of Texas insists there is nothing definite on this point. He said committee staff men are to draft such a proposal for a possible decision today.

Connally told reporters he hopes "we can get through with this bill during the day".

A Senate decision to follow the House lead in putting foreign military and economic aid under the proposed new mutual security administration would take much of the influence and control of foreign spending away from Secretary of State Dean Acheson.

Such a move was criticized sharply last night by Secretary of Commerce Charles Sawyer. He called on Congress to give the State Department authority to distribute all foreign aid.

To cast any other government agency in this "Santa Claus role" would make it "extremely difficult" for the State Department to conduct negotiations with other powers, Sawyer said in a letter to Connally.

The commerce secretary described the House plan as "unsound". In the long run, he said, it "will produce an unbearable drain upon the taxpayers". And, he added:

"I see no benefit from deciding that the E.C.A. (Economic Co-operation Administration) shall die promptly, but from its ashes shall arise a new E.C.A. with more permanent status, greater prestige, higher salary ranges and more authority to spend money and produce conflicts of foreign policy."

Actually the controlling power in foreign aid recently has been the international security affairs committee headed by Thomas Cabot, aid to Acheson.

Lodge said the Senate proposal would junk this committee, let the E.C.A. operate until next June 30 and then expire and allow the State Department to continue operation of the "Point Four" program for aiding undeveloped areas of the world.

S.E.C. Investigation Set By House Group

WASHINGTON, Aug. 23 (AP)—An investigation reportedly has been ordered by a House committee into operations of the Securities and Exchange Commission, the agency which supervises the nation's financial marts.

No official announcement was made, but members of the commerce committee said the step was agreed upon at a closed meeting yesterday and that a seven-man subcommittee was set up to handle the inquiry.

Representative Walter (D) of Pennsylvania said earlier in the week the staff of a judiciary subcommittee he heads had recommended a study of the S.E.C.'s relations with the United Corporation, a utility holding company.

The five S.E.C. commissioners denied any irregularity and said they would welcome an investigation.

Divorced Must Give Data To Be Married

LISBON, Aug. 23 (Special)—Divorced persons applying for marriage licenses will have to answer to a lot more questions beginning Tuesday because of a change in the marriage law.

Probate Judge Louis Tobin suggested that applicants bring divorce papers. The clerk will ask divorce date, case number and court of issue, plus names of minor children, if any, and former mate.

2 County Women To Set Up Fair Display

Mrs. Mark Borton and Mrs. D. M. Allison, both of Alliance R. D. 3 and members of the Columbiana County Home Extension Council, left today for Columbus to set up a home-lighting exhibit at the State Fair, opening Friday for a week.

Helping them arrange the display in the Arts and Craft Building will be Robert Risinger of East Liverpool, representative of the Ohio Power Co., and T. A. Mercer of Salem, rural representative of the Ohio Edison Co.

Four other members of council will be on duty at the exhibit later this week. They are Mrs. Paul Smith of Lisbon, Mrs. Mildred Rice of Hanoverton, Mrs. Esther Cox of Kensington, and Mrs. Evelyn Boigegrain of North Georgetown.

REVEAL RED ATOMIC. Two members of the congressional atomic energy committee told Congress thay have information that Russia has more and larger atom bombs than U.S. authorities expected, and continues to produce them on a big scale. The members are Representative Henry M. Jackson (left), of Washington and C. Melvin Price, of Illinois, Democrats.

3 Employed As Teachers

Coal Contract Let By Hancock Board

Three teachers were appointed and several resignations received at the meeting of the Hancock County Board of Education Tuesday night. The board also let the coal contract.

George Laneve of Newell will teach English at Wells High School, Miss Margaret Mayles of Chester, Commerce at Chester High School, and Richard Coe of Chester, Mathematics at New Cumberland High School.

The resignation of Miss Marian Wible as librarian at Chester High School was received. Miss Wible, who had been employed in that capacity for 15 years, has taken a position with Rhode Island State College.

Dale Donley, Elementary Music supervisor in Chester and Newell schools, resigned to enter private business.

The coal contract for Grant District schools was let to Vernon E. Betteridge of Newell on his bid of $7.40 a ton for two-inch screened coal.

The board gave formal approval to the $1,515,000 budget for the current fiscal year. Tax rates remained unchanged.

At a special meeting Friday night, the board will open bids on the construction of additions to Chester High School and Weir High School.

Blind Triplets Sing Their Way Through Life

BOSTON, Aug. 23 (UP)—Barry, Harry and Larry, 3-year-old Terry triplets from Pine Knot, Ky., are teaching mountain songs to their chums at the Boston Nursery for Blind Babies.

Three months after they were sent here through the generosity of their Kentucky neighbors, the blond youngsters were amazing and amusing the nursery staff with their vocal efforts, according to Miss Janet H. Smith, director.

Miss Smith said Larry and Barry specialize in the song Shotgun Boogie. Larry, in addition to singing the words, yodels.

The triplets, children of Mr. and Mrs. Arthur Terry, were born blind They are being financed to two years training at the school through a Terry triplets' trust fund raised by residents of Pine Knot and nearby communities.

Miss Smith said the blind tots have made "wonderful progress" and have learned to feed themselves and walk up and down stairs unassisted.

"Their main pleasure this Summer has been our wading pool," Miss Smith said. "They just sit in it and talk and sing and splash each other until we're afraid they'll turn blue."

The children start nursery school in the Fall. But Miss Smith said it would be good for them to have a trip back to Pine Knot in the meantime.

"They do miss their mother," she said. "it's obvious that they've had an awful lot of love at home. If they could occasionally visit their parents, they would know they were still waiting for them".

Surgical Techniques For Animals Televised

MILWAUKEE, Aug. 23 (AP)—New surgical techniques in operations on animals were demonstrated for the first time in history yesterday over a closed television circuit.

The demonstrations were staged at the national convention of the American Veterinary Medical Association in the Milwaukee auditorium.

An estimated 2,500 veterinarians watched nerve blocks and intravenous anesthesia on horses, cows and cats; local anesthesia on swine and oxygen administered to dogs. A similar program today will show a cesarean section performed on a sow and removal of foreign objects from the stomach of a cow.

Veterinarians who watched the showing on a large screen said television might conceivably revolutionize the teaching of veterinary surgical techniques by permitting large numbers of students to view actual operations.

'Peron-Peron' Slate Assured For Argentina

President, Wife Bow To 'Will Of People' In Coming Elections

BUENOS AIRES, Aug. 23 (AP)—President Juan D. Peron and his dynamic blonde wife Eva were hailed today as running mates in the Nov. 11 presidential elections.

Their followers demanded yesterday that they "lead Argentina forever".

Formal acceptance by Peron and his wife of the draft call by the Peronista party and leaders of the Confederation of Labor is considered a certainty.

They told wildly-cheering throngs yesterday they would "abide by the will of the people".

The powerful husband-and-wife team which has ruled this country since 1946 was nominated last night by the president's Peronista party superior council in a closed session.

The nomination came after the mammoth demonstration in which some 250,000 supporters gathered in the capital for the express purpose of demanding that the two run on a "Peron-Peron" ticket—Peron for re-election as president and Eva as the first woman vice-president in the Western Hemisphere. The election is for the 1952-58 term.

The semi-official newspaper Democracia—a staunch supporter of the Perons—said the couple already has accepted the candidacy.

But the independent La Nacion said they only were proclaimed candidates by the party and the workers and that they have not yet formally accepted.

Mrs. Peron, 29-year-old champion of women's rights, told the crowds yesterday the demand that she become the nation's vice-president came as a "complete surprise".

She first pleaded for four days in which to think it over, but finally said: "I will do what the people say."

The C.G.T., the government's master labor organization, ordered its members to continue their nationwide "strike" until Peron and his wife accept the nomination.

Hundreds of thousands of workers throughout the country were idle yesterday on the C.G.T.'s orders and only essential services operated.

The president proclaimed today an official holiday for government departments, banks, oil wells, business and industry in order to allow the huge number of workers who came for the rally to return to their homes.

Better Phone Service Sought In Rural Areas

COLUMBUS, Aug. 23 (AP)—Ohio's Public Utilities Commission has moved to improve telephone service furnished subscribers in small communities and rural areas.

Commission Chairman Robert Moulton yesterday said the P.U.C.O. plans to expand its engineering staff to help improve rural service, adding:

"There are only two men on the engineering staff now who are telephone men. This matter of telephone service is terrific. It involves mostly the small companies. Commission engineers could assist small companies to run down complaints and improve service."

He pointed out a new law becomes effective next January that limits single telephone lines to 10 parties. This affects all telephone exchanges having more than 500 stations.

Moulton said there are a number of companies having as many as 16 or 18 parties on one line.

Moulton said Ohio will be divided into at least five districts soon and that Paul E. Weiland, the Commission's chief engineer, has six men ready to recommend for the additions to the staff.

De Gasperi Will Visit U.S. In September

WASHINGTON, Aug. 23 (AP)—Premier Alcide De Gasperi of Italy has accepted an invitation to visit the United States in September for talks with President Truman and Secretary of State Dean Acheson.

Acheson made the announcement at a news conference yesterday and said it will be a real pleasure to welcome De Gasperi. They will discuss problems of mutual concern.

In answer to questions, Acheson said the Italian appeal for revision of Italy's peace treaty undoubtedly will come up during the talks. No specific agenda, however, has been drafted yet, he said.

De Gasperi, who is also Italy's foreign minister, will come to Washington after attending the 12-nation Atlantic pact council meeting at Ottawa which opens Sept. 15.

Texas Family Of 3 Hospitalized By Polio

FORT WORTH, Tex., Aug. 23 (AP)—A family is in a hospital polio ward here.

Mrs. Lester Huelon Collier was stricken five weeks ago. The next day her 4-month old baby son was brought to the hospital. Two days later the father joined them.

Collier is in an iron lung. The wife and baby are in adjoining rooms.

But Mrs. Collier is cheerful about it. "Considering everything, we're getting along fine," she said. "I hope we'll all be going home together soon."

MISS WINDY CITY. Adrianne Falcon, 19, will be Miss Chicago in the annual Miss America pageant at Atlantic City.

Saudi Arabia is about 50,000 square miles in area.

2 District Girls Among 15 To Participate In State Fair

Two East Liverpool district girls will be among 15 youths representing Columbiana County in 4-H competition Tuesday and Wednesday at the State Fair in Columbus.

JoAnn Hoppel of East Liverpool R. D. 1, a member of Calcutta Golden Girls Club, will model her dress-up dress which took honors at county Selection Day in Lisbon Thursday.

Lillian Frischkorn of Wellsville R. D. 1 will give a demonstration—"Freezing Vegetables".

Other contestants by clubs and specialties:

Martha Little and Marilyn Sanor, West Township Ever-Ready, furnishing a room; Martha and Gladys Satterthwaite, Butler Sew-Merrily, and Winona Jolly Bunch, personal appearance; Mary Ella Bell, Fairfield Junior Homemakers, homemaking.

Janet Miller, Leetonia Try Try Again, modeling complete costume; Thelma Gwynne, Washingtonville Lucky Clover, modeling in commercial style revue; Barbara Brandt, Winona Jolly Bunch, modeling tailored dress; Shirley Hilliard, Salem Stitch and Chatter, and Clifford Swartz of Salem Township Junior Farmers, both health improvement winners.

Howard Phillips, West Township Hustlers, making an electric motor portable, and Gordon Weinstock of Lisbon R. D. 5, and Bill Rymer of New Waterford, egg judging team.

Mrs. Ruth Pendry, home demonstration agent, said several of the youths will be accompanied by their parents. The style revue and demonstrations will be held Tuesday and health improvement interviews Wednesday.

Chicken Banquet

POMEY, N. Y.—Paul Owens is waiting ruefully for a bill for chicken for his dog. The dog was locked accidentally in a neighbor's chicken house and made the most of its opportunity by killing 113 white leghorns and injuring 12 more.

MacFadden May Chute Over Falls Saturday

NEW YORK, Aug. 23 (AP) — Bernarr MacFadden's plan to parachute over Niagara Falls is "definite", an aid of the 83-year-old physical culturist said yesterday.

He may take the leap Saturday, Edward Bodin reported.

MacFadden picked out the spot for the jump last Sunday while on a flight over the Niagara gorge just below the falls, Bodin added.

MacFadden has been conferring with A. P. Newcomb, Detroit toolmaker and parachute expert. Newcomb will determine when conditions are best for the jump, Bodin said.

The physical culturist and publisher made his first parachute jump on his 81st birthday. He planned to make another leap over the falls on his 83rd birthday last week. But he postponed the feat to await the right kind of weather, Bodin said.

One of the oldest newspapers currently published in the United States is the Connecticut Courant, founded in Hartford in 1764 by Thomas Green.

Red Rolls Drop 10,000 In Year, Hoover Reports

WASHINGTON Aug 23 (AP)—Membership in the U S Communist party has dropped from 54 174 to 43 217 in a year's time F B I Director J Edgar Hoover has told senators

And each party member now has back of him about seven to eight fellow travelers as against 10 several years ago Hoover told a Senate appropriations subcommittee March 1 while testifying in support of his request for funds His testimony was made public yesterday

But Hoover cautioned that the remaining party members constitute a hard core dedicated to sabotage and to militant revolt against this country if and when the time comes

He said 96 4 per cent of the party's current members are American citizens either native-born or naturalized

Hoover said the Communists have gone into a real underground operation with nothing but a sham above ground

This means that our operation is all the more difficult because we have to be on those movements and must know exactly what they are doing" he said

A National Disaster

'Broken Home' Tops List Of Delinquency Causes

By RELMAN MORIN
Associated Press Staff Writer

NEW YORK Aug 23—The broken home, where it involves children or young adults, has become a national disaster

It is the largest single factor today in the background of youthful crime, dope addiction, sex aberrations and all the thousand and one different instances of exotic behavior by young people that crowd police files

Twenty or 25 years ago criminologists and Juvenile Court officers listed 'bad companions" as the major cause in cases of youthful crime or delinquency It is still one of the leading factors

But today the notation 'broken home' has far surpassed all other elements It appears over and over again opposite the names of young offenders

In the New York area in 1949 for example 58 6 per cent of these offenders came from homes split by divorce or the death of a parent The figure was 53 8 for the previous year

Israel Gerver statistician and professor of criminology at Brooklyn College said it has risen about 10 per cent since 1933

No accurate estimate of the cost to the nation in health and property loss or for the maintenance of law enforcement officers to cope with the problem was available

However these facts may give some approximation

F B I statistics show that on a national scale 21 is the dangerous age The five largest categories of persons arrested for felonies are 20 to 24 These figures have remained static over a long period

In the New York area, the 17-year-old leads the list The five largest age brackets are from 16 to 21

Persons under 25 constitute more than half of the total arrested in New York City and its environs Elsewhere in the nation the figure ranges from 35 to 45 per cent for the same group

Apart from statistics on crime it appears also to be a fact that young adults compose the largest single group of people receiving mental and psychiatric assistance in America today

At the Austin Riggs Foundation in Massachusetts a private institution an official said the majority there are between 20 and 29

In New York s Morisania Hospital the same 20-to 29 bracket is the biggest today and has been for several years

A fairly high percentage of teenagers are in the hands of psychiatrists in both institutions

What does it all mean? The probation officers of America—who perform a tremendously valuable service—are among the most acute and best-informed observers

When a youngster breaks the law they put a microscope on his past life They search out every detail examining his parents his home life companions and an enormous number of minute but important facts They try to answer the eternal 'why' of a crime

They call the broken home a tragedy and find it the chief element in the background of youthful law-breaking

Parents themselves frequently bring their children to the probation officer because they 'can t handle them' Frequently the officers say they discover the base of the trouble in the parents

Irving W Halpern a New York officer listed a series of causes for the troubles of young people among them bad housing lurid news reporting lurid movies and comic books He also made this point

'The neighbor can be an important deterrent to crime If a youngster cares what his neighbors think he is less likely to get into trouble But a parent himself must first have the respect of the people who know him and live near him"

In Lancaster county, Pennsylvania Edgar R Barnes, a veteran of 21 years in probation work, said

'Most of these youngsters are basically all right They will take discipline if they get it

'There is still an awful lot of child psychology in the end of a razor strap held by a strong father or mother"

NEEDLE IN HEART. Larry Hudetz 13, holds a needle removed from his heart in an hour and a half operation at Chicago It s the second needle removed from Larry s heart In 1949 a needle pierced his chest as he turned over in bed How this one got into him is a mystery.

Canton Man Indicted In Stolen Bond Case

CANTON Aug 23 (Special —A grand jury yesterday charged John Nickles reputed Canton gambler with receiving and concealing stolen property.

The indictment was secret but was disclosed quickly when the summons server found Nickles standing across the street from the courthouse

He was accused on four counts of handling a stolen bond of Israel A similar charge was filed some time ago in Cleveland, but he has yet to be tried for it

If Man Finds Self In Stew, Show Him Saving, Cook Says

NEW YORK (U.P.) —Helen Worth a cooking expert says let the man gripe when he gets stew instead of steak.

He'll get over it once he sees the difference in the grocery bill.

Miss Worth who runs the Three B's cooking school said the man who demands steaks and roasts is a victim of food prejudices. That she contended is part of the reason why food bills go higher than necessary even in these days of high prices.

I've found she said 'a man begins to like stews the minute the little woman shows him they're saving him money.

Men aren't alone in their food prejudices. Women are guilty too said the petite brunette who's studied cooking for 15 years.

She has found that some women are prejudiced against cooking with any fat except butter.

Some foods need butter others are better without it ' she said.

Take pasteries. The idea of a good pastry is to keep down the water content. Butter and margarine have a higher water content than lard or some of the other shortenings.

In turn I prefer butter or margarine in sauces or for seasoning vegetables. There, you're looking for flavors.

She said women seem to have more prejudices against fish than any other food and yet it's one of the best buys now.

Women ignore the porgy for instance she continued. It's not only one of the cheapest but one of the best fish available.

The cooking school head suggested that women learn more about foods to beat high prices.

Follow the marketing tips in your newspaper ' she said. Get a good general cook book which will guide you to many an economy. It will show you how to make your own salad dressings cook your own shrimp instead of buying expensive canned ones and mix your own cheese spreads.

Women are just going to have to make up their minds. Which can they better spend? Time or money? '

Giant Wrestlers Stage Comeback Among Japanese

TOKYO (U.P.)—Japanese sumo the sport of freak Japanese giants soon will enjoy again the golden era that brought unfailing sell outs at arenas in the prewar days.

In the doldrums in the last two years of the war and the immediate postwar years the sport has staged a remarkable comeback within the 18 months. Daily se louts with crowds exceeding the 20 000 mark featured the last 15-day meet in Tokyo.

Promotion of 24 year-old Chiyonoyama a 250 pound giant who won the tournament with 14 victories and one defeat to the rank of yokozuna —a grand champion— will bring prosperity to the sport in the opinion of sumo experts.

They point that the next tourney will feature the presence of four grand champions. The others are 350-pound Azumafuji 325-pound Terukuni and 300-pound Hagurovama Chiyonoyama was the 41st wrestler to be named a yokozuna in Japanese sumo annals.

Once a wrestler becomes a grand champion he will not be demoted in contrast to the others whose rankings depend upon their showing in the tourneys.

However if he loses a bit too much in the opinion of the sumo directors a yokozuna will be forced to retire lest this rank suffer loss of prestige.

Two Cities Pass Buck Over Who Pays Hospital

NEWBURYPORT Mass (U.P.)— For a while nobody was quite sure just where Mrs. Anastasia Surette had lived.

A county hospital sent the city of Haverhill a $99.50 bill for treatment of Mrs. Surette.

Haverhill paid but some officials thought the woman was a resident of Salisbury and that town was sued for the bill.

When a judge threw that suit out Haverhill sued the city of Newburyport for the $99.50. A jury finally decided where Mrs. Surette resided. It was Newburyport.

Owner Of Stolen Car Says 'You Can Have It'

ST. LOUIS (U.P.)—Herman Rancigho took one look at his car, threw up his hands and told the police garage attendant:

'I don't want it. The insurance company can have it.'

Rancigho had gone to the garage to reclaim his machine which had been recovered by police.

The car had been stolen earlier by two East St. Louis (Ill.) teenage youths. They admitted transforming the 1941 coupe into a 'hot rod' by:

Painting the car red and white and stripping every detachable part including fenders windows radiator grill upholstery, the hood and even the brakes.

The owner identified the remains by reading the engine serial number.

Road Geared To Hum At Careless Drivers

CHICAGO (U.P.) —Streets and highways that protest out loud when drivers go on the wrong side of the road are being adopted in many places throughout the nation the American Public Works Association says.

The warning device is a 24-inch wide concrete separator with a scored surface placed flat between the traffic lanes.

It emits a loud hum when tires run over it and thus warns careless drivers to get back in the right lane.

First used experimentally in New Jersey it now is being installed in the reconstructed six lane New London turnpike in Cranston R. I. the association said.

'Paper' Wedding Spree Good While It Lasted

ST. LOUIS (U.P.) —Jay Brown Jr.'s paper wedding anniversary —the first—consisted mostly of traffic tickets and peace disturbance complaints.

The 24 year-old Negro was fined $350 and costs for the ruckus he raised when he started out to celebrate his first year of marriage.

He pleaded guilty to eight charges which included striking his wife running his car into a fire plug sideswiping a streetcar hitting a nurse at a hospital where he took an intoxication test and resisting arrest.

Dinosaur With Big Feet Left Mark In World

SOUTH BRADLEY Mass. (U.P.) —Carlton S. Nash owns land which he says contains the world's largest dinosaur footprint—23 inches.

He says there also is a spot showing where a dinosaur sat down and left his tail impressions.'

Nash's footprint quarry is open to the public and has attracted wide attention.

'Gather At The River'

BERNARDSTON Mass. — On the first day of the trout fishing season, the Goodale Memorial Church choir looked around during services, noted few men were present and changed the scheduled hymn to Shall We Gather At the River?

NOTICE TO CONTRACTORS

BIDS FOR A SCHOOL BUILDING YELLOW CREEK RURAL SCHOOL DISTRICT COLUMBIANA COUNTY, OHIO

Sealed proposals for the construction of a School Building will be received by the Yellow Creek Rural School district near Wellsville Ohio by the Clerk of the Board of Education at the Office of the Board of Education at School No. 16 until 7:30 P. M. eastern standard time on Tuesday the 4th day of September 1951 and said bids will be publicly opened and read at the Office of the Board of Education at School No. 16 at 7:30 P. M. on the same day. The proposed work consists of performing all labor and furnishing all necessary materials tools, appliances etc. for the erection of a fireproof School Building located on Route 39 near Highlandtown Yellow Creek Rural School District Columbiana County Ohio in accordance with plans and specifications prepared by H. Allar Todd Registered Architect and J. M. Pinney Designer Associates 402 Blackrock St. East Liverpool Ohio for said Board of Education.

Copies of plans specifications and contract documents are on file in the office of the Architect where they are available for inspection by prospective bidders. Contractors who desire a set of plans and specifications will be required to make a deposit of $20.00 for the faithful return of the same to the Architect on or before 20 days after the date of receipt of bids at which time a return of $20.00 will be made. All proposals shall be signed and submitted on blanks which may be obtained from the Architect.

Proposals must contain the name of every person interested therein and shall be accompanied by either a proposal bond with surety satisfactory to the Board of Education or by a certified check on a solvent bank in the amount of not less than 10% of the base bid plus the highest alternate bid drawn in favor of the Board of Education. Proposal bond shall be accompanied by proof of authority of the official or agent signing the bond together with a recent financial statement of the surety company.

The proposal bond or certified check submitted with a bid will be held as a guarantee that if the proposal be accepted a contract will be entered into. Proposal bonds and certified checks will be returned to all bidders after the contract has been entered into and secured by a performance bond of 100 of the amount of the contract with satisfactory sureties for the faithful performance of the work.

No bidder may withdraw his bid for a period of 30 days after receipt of bid. Particular attention is called to the statutory requirements of the State of Ohio relative to licensing of corporations organized under the laws of any other state.

The right is reserved by the Board of Education to reject any or all bids and to waive all formalities in connection therewith.

By Order of the Board of Education Yellow Creek Rural School District

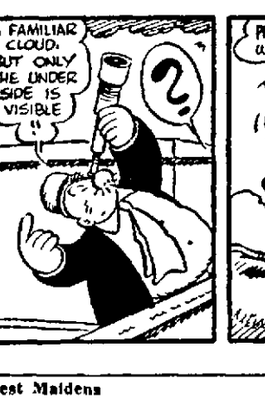
BUT YOU SPEND ALL YOUR TIME TRAVELING. I SHOULD THINK YOU'D WANT TO SPEND YOUR VACATION AT HOME.
BUT I GET RESTLESS.
THEN WHERE WOULD YOU LIKE TO GO?
I HAVE IT! I'LL SHUT MY EYES, TOUCH A PLACE ON THE MAP, AND THAT'S WHERE WE'LL GO... EVEN IF IT'S DEATH VALLEY OR THE MIDDLE OF LAKE MICHIGAN.
OH, MY GOSH! DOLDRUMS DEPOT! ONLY 40 MILES FROM HOME!
WHY, DARLING, YOU'RE JUST A HOMEBODY AFTER ALL

SURE! WE'LL DRIVE YOU TO THE NEAREST F.B.I. OFFICE! THIS GUY THAT'S AFTER YOU — WHAT'S HE LIKE?
BIG DARK — AND HAS A MUSTACHE! HE WOULD NOT HESITATE TO KILL!
AT THIS INSTANT, OUTSIDE —
PHIL — YOU'RE LIKE A BIG KID! WHAT ARE YOU UP TO?
LET ME HAVE THE CORK FROM THAT VACUUM BOTTLE! I WANT TO THROW A SCARE INTO JUMPY!
A MINUTE LATER —
SOMEONE'S KNOCKING!
IT'S ANTON! DON'T GIVE HIM A CHANCE TO KILL US! SHOOT HIM ON SIGHT!



WHAT IS YOUR OPINION OF OUR SITUATION?
THE TRAFFIC YOU MOVE FLOWS NORMALLY. THE REPAIR TIME IS LOW AND PERFORMANCE RATE HIGH. THE AIR INSPECTOR SEEMS TO PUT EEL ISLAND IN THE UPPER BRACKETS..

BUT THE PROTECTIVE SCREEN OF AIRPLANES IS INADEQUATE! FOR SUCH AN IMPORTANT POST THERE SHOULD BE JETS AS WELL AS P-51s TO PATROL THE AREA!
WHAT MAKES YOU THINK THIS PLACE IS OF SUCH IMPORTANCE?

IT MUST BE—OR THE AIR FORCE WOULD NOT HAVE A FULL COLONEL IN COMMAND HERE!
IF YOU THINK FLATTERING ME WILL BE USEFUL TO YOU IN FUTURE PLEASE GET THE IDEA OUT OF YOUR HEAD!

MARK TWAIN WAS STROLLING IN THE PARK ONE DAY WHEN A LITTLE GIRL PATTERED UP TO HIM AND ASKED IF SHE COULD WALK WITH HIM
HIGHLY FLATTERED, TWAIN TOLD HER STORIES FOR AN HOUR, THEN GAVE HER A NICKEL AND SAID, "NOW RUN ALONG HOME — AND WHEN YOU GROW UP YOU CAN TELL YOUR FRIENDS YOU ONCE WALKED WITH MARK TWAIN."
"MARK TWAIN!" ECHOED THE LITTLE GIRL, BURSTING INTO TEARS. "I THOUGHT YOU WERE BUFFALO BILL!"

McCarthy Hits Truman 'Gag' On Red Facts

Senator Also Aims Communist Charge Against Jessup

WASHINGTON, Aug 23 (AP)—President Truman has been accused by Senator McCarthy (R) of Wisconsin of forbidding federal employees to "give Congress the truth about Communists who are in our government".

The senator also charged last night that Ambassador-at-large Philip Jessup was formerly editorial director of a Communist-front publication which he said received "thousands of dollars of Communist money"

Jessup who has denied he had any Communist connection declined comment on the latest McCarthy attack

Truman's weekly news conference scheduled for today at 4 p m seems a likely forum for rebuttal of the President wants to make it so

Broadcasting over the A B C network, McCarthy said an "incredibly fantastic order" barring federal employees from testifying on loyalty matters to Congress went into effect Aug 21, 1948—"just 17 days after the Hiss case broke

This was a reference to Alger Hiss, former State Department official who was convicted of perjury for denying he ever passed government secrets to a Communist spy ring

McCarthy said that when the order went out "President Truman had just made his famous statement that the Hiss case was a 'Red herring' and that those who uncovered Hiss were seeking publicity and endangering unity" The senator added

"The President then says 'But why doesn't McCarthy produce the evidence which I the President have ordered withheld?"

Can any of you think of one reason on God's green earth why Mr Truman had issued this order? Is not this order an admission that they know about and are trying to protect the Communists in government?"

McCarthy said he brought up the matter of the order to show "why it is so difficult to produce evidence against Communists and fellow travelers

Before going on the air last night McCarthy told newsmen his 15-minute talk was in reply to Truman's speech Aug 14, in which he said Truman attacked him for his fight against Communists in government

The senator had asked the major radio networks for time to reply

Captured Red Jet Studied Carefully

WASHINGTON Aug 23 (UP)—The Navy has captured a Russian MIG-15 jet fighter "fairly intact" in the Korean war and it is being analyzed minutely by Air Force engineers informed sources said today

The Communist plane was reported to have been shot down about a month ago by British and American fliers from carriers operating off the west Korean coast South Korean troops aided in the salvage of the enemy fighter, which fell in shallow water

No body was found in the plane It was assumed the pilot bailed out some distance from the crash scene

The MIG-15 was sent to the Wright-Patterson air base at Dayton, where it is being studied in great detail

Neither Air Force nor Navy officials would comment but an announcement is expected as soon as its wording and timing can be agreed upon by British and U S officials

Previously a damaged MIG-15 jet engine was captured in Korea An analysis of it led General Hoyt S Vandenberg air chief of staff to tell Congress last May that the MIG-15 engine was "superior to anything that we have today".

New Cigarette Taxes Up West Virginia Take

CHARLESTON W Va Aug 23 (AP)—New taxes on cigarettes pushed the state's revenue from that source in July to a figure more than four times greater than receipts in the same 1950 month

Tax Commissioner C H Koontz said that receipts in July—the first month in which additional taxes of three cents a pack authorized by the 1951 legislature were in effect—totaled $424 484

Cigarette tax receipts under the old penny-a-pack levy amounted to $99 019 in July of last year

Two of the additional three cents levied by the legislature are earmarked for teachers salaries and the other penny for retirement of veterans' bonus bonds

Columbus Man Heads Real Estate Group

SANDUSKY, O Aug 23 (AP)—The new president of the Ohio Association of Real Estate Boards is I C Jackson of Columbus

Others elected yesterday at nearby Cedar Point are Warner Eggleston of Cleveland treasurer Le Roy Parsons of Columbus, executive secretary, and these district vice presidents—G Fred Allen of Wadsworth Thomas E Evans of Steubenville William C Lasser of Mansfield Gustave H Ersel of Toledo Wallace A Peacock of Dayton and Lamars C. Sons Of Union Vets Call Upon South To Bury Hatchet

ROCKLAND, Me, Aug 23 (AP)—The national encampment of the Sons of Union Veterans of the Civil War wants to end war-engendered ill feelings between the North and South

The organization yesterday adopted this resolution

Believing it to be an urgent need for the good of our republic and with the cherished object of keeping America American in accordance with the principles established by the founding fathers of the nation we the Sons of Union Veterans of the Civil War endorse and encourage a new co-operative alignment of voters in the North and South"

Albert C Lambert of Trenton, N J the group's national secretary-treasurer did not comment on what kind of "alignment of voters in the North and South" is sought

However he called the move a step toward halting all ill feeling between the North and South because of the war He said

"We feel the time is right to forget past differences and we have taken the initiative to indorse such a move"

The encampment attended by some 500 delegates and members, will end today

Roy J Bennett of Des Moines Ia was elected commander in chief yesterday Louis Blair of Cincinnati was elected junior vice commander
